

SUPERVISORS CHANGE ROUTE 20 DECISION

MOBILIZATION OF PROGRESSIVES IS LA FOLLETTE PLEA

MUST WORK FOR DEFINITE PROGRAM, DECLARES SENATOR

OPPOSES SUBSIDY

Anti-Strike Legislation, Rail Grouping Among Measures Flayed by Bob.

Washington.—Immediate mobilization of the "progressive" members of congress to work for a well defined program was proposed by Senator La Follette, republican, Wisconsin, in a statement Saturday.

He urged, among other things, defeat of the administration ship subsidy bill and of proposed railroad anti-trust legislation.

"The time has now come," he said, "for the organization of a well defined group, cooperating in support of accepted progressive principles and policies."

Senator La Follette did not indicate that he favored organization of a third party, which he said could not be accomplished "by a group of men getting together and passing resolutions."

"Ultimately there will be a line of cleavage separating the conservatives and progressives," said Senator La Follette. "But you can't hasten it. It has moved forward considerably during the last few years, but when it will come no man knows. I'm not chasing any will of the wisp."

United Definite Action.

"A situation has been created which, to my mind, calls for definite action on the part of progressives in congress. The people have given them a mandate which cannot be ignored."

"For several years a small number of progressives in both parties have been in disagreement with the most important policies of those who have been for the time in possession of party leadership. Although it has been apparent that the broad aims and purposes of these progressives were in harmony, the necessary elements have not been present for the formation of an aggressive group, united upon a program of positive action."

The announced program of the administration is plain," the senator said.

Hunter, Shot by Companion, Dies

Medford—Matt Kamplamer, Medford, who was shot through the arm by a companion, Ernest Raymer of Milwaukee, is dead at the local hospital.

The two men were walking through the woods to a hunting camp when the gun accidentally exploded. This is the second fatal hunting accident in Taylor county this week.

Scotland Yard Is Waiting for Greig

Chislehurst, Mich.—A. J. W. Greig, claimant to the title of "Earl of Dunblane," is wanted by Scotland Yard, attorneys for the state declared during court examination of the defendant, who is charged with larceny by embezzlement. The charge said to be pending against Greig in England was not divulged.

The sheriff's office here already has received requests for Greig's detention in event he is acquitted, from authorities of several Canadian cities and Detroit.

Greig, accused of withholding \$50,000 of the company's funds, refused Friday to answer numerous questions relating to the operations by the defendant Title Guaranty and Trust company, organized by him.

Clemenceau Is Arrival in N. Y.

New York.—Georges Clemenceau, "Pater of France," landed Saturday in New York for his visit to the United States.

Use A Want Ad TO HIRE HIM

The same service that finds a man where you need him in the shop, sales department or office, will find a man who will pay cash for discarded machinery, unused tools, surplus stocks or materials and used furniture.

It will find a man to save the waste where waste is not eliminated. It will find the man who found the keys the janitor lost or the tire lost from a truck or the freight car lost in transit.

The above uses are only illustrative and in no sense complete. There are scores of others. The service is based on the fundamental fact that what one man wants another man has, and what one man has another man wants. CLASSIFIED ADVERTISING WILL FIND THE MAN.

Blackmail Queen, Finally Taken, Reveals Ring of Women Lures

Ethel Whelan and (insert) Blanche Paul.

(SPECIAL TO THE GAZETTE.)

Boston.—Blanche M. Barnes, termed the "Queen Bee of the Blackmailers," is leading state authorities to the discovery of the greatest ring of extortionists Massachusetts has ever known, according to Attorney General Allen.

Allen claims that the 23-year-old girl has revealed all the secrets of the ring.

Arrested on a charge of bigamy, she jumped bail, attempted suicide and then after being recaptured, decided, at the instance of Allen, to make a clean breast of her activities which extended from New England to Chicago.

Prominent in her revelations were the activities of Blanche Paul and Ethel Whelan, two comely misses who, she alleges, were important cogs in the big-machine machine.

The Paul and Barnes women are alleged to have been the chief lures of the gang through which wealthier business men and state funds were victimized out of thousands.

Miss Whelan is alleged to have operated the fence which disposed of all loot obtained, exclusive of cash and sometimes stolen goods.

According to Miss Barnes, she and Miss Paul were the lures who "framed" A. Victor Seales, the famous artist, and then mailed him out of an apartment where he was entertaining the women.

Miss Whelan, now serving a penitentiary term, unlike Miss Barnes, refused to squelch, and the details of her operations are still clothed in secrecy.

Attorney General Allen, in addition to the Seales affair, claims to have evidence regarding the swindling of scores of others, including business men and wealthy students.

REMOVED FOR GOOD OF SERVICE, CLAIM

Charges Against Tallman Rumors, Says Delavan P. O. Appointee.

(SPECIAL TO THE GAZETTE.)

Delavan.—"He told me that he had been advised that he had been removed for the good of the service," was the statement made to the Gazette Saturday by a close friend of C. M. Tallman, removed last week as Delavan postmaster, after seven years' service.

Mr. Tallman who dispatches from Washington Friday said, had been removed on recommendation of a federal inspector because of irregularities, could not be reached by the Gazette Saturday. The reporter was unable to reach Mr. Tallman who expected home Saturday night or Sunday.

Tallman has served three and a half years of his second term as postmaster and would not have been subject to retirement from the post office under ordinary circumstances for almost a year and a half.

Tallman succeeded Edward Morrissey, Delavan attorney, and is now succeeded by Maurice Morrison, brother of his predecessor, acting under a temporary appointment.

Mr. Morrissey said Saturday all he knew about charges against Mr. Tallman were merely rumors and that so far he had determined there were no irregularities when he took charge.

It was on the recommendation of Congressman Henry Allen Cooper that Morrissey was appointed. It was learned, Tallman may appeal to Senator Irvine L. Lenroot.

Soap Factory at Oshkosh Burned

(BY ASSOCIATED PRESS.)

Oshkosh.—A fire which started in a drycleaning plant, the main building of the Oshkosh Soap company, north of the city, Friday night and broke out, destroyed several thousand dollars' worth of soap.

The above uses are only illustrative and in no sense complete. There are scores of others. The service is based on the fundamental fact that what one man wants another man has, and what one man has another man wants. CLASSIFIED ADVERTISING WILL FIND THE MAN.

Whitewater Car Ditched; One Hurt

(SPECIAL TO THE GAZETTE.)

Whitewater.—An automobile carrying Whitewater Normal students to Janesville for the football game Friday, driven by Robert Marshall, Hoboken, went into ditch near Janesville when unable to pass a sedan which a man had driven but two days. Marshall attended the game and it was later found he sustained a broken rib. The other occupants of the car were shaken up and both cars damaged.

2 BELoit DOCTORS ARE FINED UNDER PROHIBITION LAW

DR. D. R. CONNELL GIVEN \$750 ASSESSMENT; OTTO, \$500.

LUSE IN WARNING

More Severe in Future, Says Judge: Four Druggists Are Punished.

(BY ASSOCIATED PRESS.)

Madison.—Dr. Daniel R. Connell of Beloit, one of seven Beloit doctors and druggists indicted by the federal grand jury here, pleaded guilty to violation of the prohibition laws when arraigned in federal court here Saturday and was fined \$750 and costs.

Dr. Otto, another doctor, was fined \$500 and costs. The bond of a fifth, Julius Farnsworth, was continued on a plea of not guilty, on federal indictments charging violation of the national laws in federal court here today.

Otto Pleads Guilty.

Dr. Otto entered a plea of guilty, declaring he "had been careless," but that he had not written in questionable prescription since federal inspectors visited him in October, 1921.

The four druggists entered pleas of not guilty and are scheduled for trial. Judge C. Luse assessed the following fines, on recommendation of Assistant United States District Attorney Stanley M. Ryan:

Benjamin Chilson, \$100 and costs. Morris Bach, \$100 and costs. W. B. Krueger, \$50 and costs. E. P. Marley, \$50 and costs.

Farnsworth pleaded not guilty to one count, declaring that he never filled prescriptions personally. His attorney reserved the right to change his plea later.

Doctors Are Warned

"I know a physician who was given two years in prison and a \$6,000 fine for an offense no greater than yours," Judge Luse told Dr. Otto who got a lenient sentence because of mitigating circumstances.

"I am not a doctor," said the judge, "but on Nov. 17, 1922, I have shown leniency to a physician. If I find that other doctors are inclined to take chances because they think they will not be caught, I shall be more severe in the future."

Delavan Ready to Greet Rotarians at Charter Fete

Delavan.—Preparations are being made to entertain 400 Rotarians from Wisconsin cities when the Delavan Rotary club, sponsored by the Janesville club, is presented with its charter here Tuesday night.

Delavan is the smallest town in Wisconsin with a Rotary club.

The dinner will be served by the Catholic Girls club in St. Andrew's church parlors. The principal speaker of the evening will be H. P. Lafflin, president of the Milwaukee Rotary club, but each club will have a speaker on the program.

Judge Charles L. Fifield, Janesville club president, will present the charter. Officers of the club are: L. L. Lafflin, president; Grover Parry, vice president; J. M. Malcher, secretary, and Frank Pollock, treasurer. Other members are the Rev. R. L. Kelley, W. E. Winters, J. H. Murphy, M. E. Ryan, L. L. Lafflin, J. E. Sussmiller, Charles Quinn, Bradley Tye, L. E. Davies, E. L. Williams, B. J. Jones, Glen Broughton, H. S. Saylor, B. A. Hoffman, Irving Lynch and Mortimer Shanshan.

PRIZE WINNERS IN BLACK MENACE STORY CONTEST

Revel was the Black Menace. John Werfel, of Milton, guessed it right off the reel. He mailed his letter early Monday morning, November 5th, and the first chapter of the story was printed in the Week End Gazette, November 10th. Others made as good a guess. The time of mailing the letters is used as the basis for settling the question. Here are the prize winners:

Correct solution of the story, The Black Menace, outside of the city: First prize, \$10 in gold to Gold, John Werfel, Milton, Wis.

Second prize, one year's subscription to the Gazette, Mrs. O. W. Athon, 1512 Highland avenue, Janesville.

The winners are requested to call at the office for the prizes Monday.

There were scores of letters with solutions. Every character in the story was guessed. Jack Speed seemed to be a favorite though a number at the very last weakened and he went down. Breshky, however, near the close of the contest the large majority made the correct solution.

Student Killed, Several Hurt in Chemical Blast

New York.—William D. Spandow, student, was instantly killed and several of his classmates injured Friday by an explosion in the chemical laboratory of Havemeyer hall, Columbia university.

Cissie Loftus on Probation, 1 Year

(BY ASSOCIATED PRESS.)

London.—Cissie Loftus, the actress who was arrested here recently, charged with illegal possession of drugs, was placed on probation for one year on the condition that she undergo treatment for an ailment from which she was suffering.

H. G. Wells Polls Smallest Vote

(BY ASSOCIATED PRESS.)

London.—H. G. Wells, as labor candidate for member of parliament from the University of London, not only was defeated, but polled the smallest number of votes for the constituency. Sir Sidney Russell, Wells' conservative, was elected, receiving 3,843 votes against 2,150 for Wells.

Wood County in War on Moonshine

Wisconsin Rapids.—A special appropriation of \$50,000 to be used in a campaign to reduce the manufacture and sale of "moonshine" whiskey in Wood county, was passed by the county board, 25 to 15, and an amendment to strike out the specific purpose of the appropriation was defeated by an overwhelming vote.

Traces of Poison in Cowley Case?

(BY ASSOCIATED PRESS.)

Solon Springs, Wis.—Concerning the inquiry into the death of Mrs. Clara Bothwell-Cowley, his 53 year old bride August 1922, the Rev. G. H. Cowley, when interviewed, refused to comment on the reported announcement that poison traces had been found in the woman's stomach, other than that the whole affair is a family matter.

"I don't care to say anything about it," Mr. Cowley said. "It's a family matter and will straighten itself out in time. Related and at the bottom of it and when they are satisfied the whole thing will blow over, maybe before."

According to Constable Charles Brown, known as "Pinkerton" Brown, Mr. Cowley was under surveillance more than two weeks prior to the death of his bride. Brown had been employed to watch the pastor when William Bothwell, the food woman's son, whom Rev. Cowley holds responsible for the whole affair, insisted the pastor was giving the woman poison.

"We kept the constable in order to quit the case," Mr. Cowley said. "The physician who attended Mrs. Cowley during her illness, Doctor Wilcox, said the theory that Mrs. Cowley had been poisoned and said death was due to pneumonia. Rumors of the minister taking 'dope' also are unfounded, he stated. On one occasion, he said, Bothwell accused the minister of taking dope, which investigation revealed that the minister had been in the habit of putting 'pillis' of saccharine in his coffee, instead of sugar. An overdose of drugs used by the patient as stimulants brought on death, the physician pointed out, but it was far from probable.

He added there was positively no indication, according to his judgment, that Mrs. Cowley had been poisoned."

WIS. VEGETABLES BEAT 13 STATES

Eau Claire Grower, Using Newly Cleared Land, Individual Winner.

Madison.—Competing with 13 central states, Wisconsin vegetables were awarded the sweepstakes at the Midwest Horticultural exposition at Council Bluffs, Ia., according to word from G. M. Householder of the state department of agriculture.

Joseph Wain, Eau Claire, was the largest Wisconsin winner, with his vegetables grown on an Eau Claire country tract, and received a silver cup. Mr. Householder said the vegetables grown on the newly cleared, cut-over land showed great quality, freedom of disease and uniformity, compared with produce from the corn belt soil.

Wisconsin was the grand sweepstakes with its potato display and first place with its individual potato display, shown by George St. Claire, Eagle River, Waupaca county, and Olenka, who showed potatoes of the classes in which they were entered.

Permanent Board Named for County Deposits, Bonds

Bonds and county bank deposits hereafter will be in the hands of a permanent committee, November 18, for a resolution to form such a committee was passed by the county board, Saturday. The motion was introduced by M. E. Richardson, Janesville.

Mrs. Walter Green, Evansville, was reappointed as a member of the county health committee. W. S. Perigo, Beloit, expressed a desire to make the nomination.

"If she comes down she claims I am always running out," explained the Beloit supervisor, "so hereafter I want the honor of nominating her."

An appropriation of \$119.34 was passed by the board for a bridge in Turtle township.

Commissioner of Highways C. E. Moore explained to the supervisors that in the event federal and state aid was available next year it was probable that the state would enter the road paved between Clinton and the Walworth county line to complete the Milwaukee trunk line concrete road from Beloit.

ROCKFORD MAN TO ADDRESS C. C. MEET

Connolly to Outline Plan for Community Chest at Forum, Monday Night.

Shall Janesville have a community chest?

This will be the topic for consideration at the meeting of the local Chamber of Commerce at the Myers hotel, Monday night. Supper will be served at 6:30 p. m. The meeting will be the first of Chamber meetings in several months.

C. P. Connolly, Rockford, executive secretary of the Community Chest of that city, will speak. "The Advantages of a Community Chest," will be the subject of his address and lead the discussion.

The general public is invited, reservations to be made by phoning the Chamber.

In a letter to members, the Chamber says:

"This question is one confronting every city in the country. Many Wisconsin cities have them and the results have been satisfactory. We are all willing and ready to give of our money and energy to support the worthy institutions we have in Janesville, but shall we continue to have drive after drive each year, or shall we organize a community chest and have money to give to the worthy institutions we have in Janesville, and then in one organized effort raise all the fund in one great drive? There are many arguments both for and against a community chest, but one thing is certain, that is, if it is a good thing we should have it in Janesville."

Music will be by the girls' trio of the State school for the Blind, the Misses Ruth Finner, Johnnie Peterson and Osa Lancour. Jessie Viner will give violin solos and Miss Olga Sorenson will accompany on the piano.

Kenosha Democrat Leads in Recount

(BY ASSOCIATED PRESS.)

Kenosha.—Morris Barnett, democratic candidate for district attorney, who was defeated on the first returns by Frank S. Symmonds, republican, by a majority of 21 votes, has been declared elected by two votes as a result of a recount of the ballots completed Saturday. It is expected a court contest will follow. Symmonds was named to the office by Governor Blaine and was a candidate for reelection. Several disputes followed the recount. There were five votes missing in one ward. Symmonds declared today that he would not contest in court if satisfied in his own mind that the result announced by the recount of the canvassing board was correct.

An appropriation of \$119.34 was passed by the board for a bridge in Turtle township.

Jefferson Co. to Build 28 Miles Concrete Roads

(SPECIAL TO THE GAZETTE.)

Jefferson.—Provision for laying 28 miles of concrete roads in Jefferson county next year was made by the county board in session here Saturday, in passing a \$695,000 appropriation. The work will be done on two roads, routes 12, from here to Cambridge, and 15, from here east toward Sullivan. Work on routes 26 and 41 will be done in 1923.

The afternoon session was devoted to state and county aid construction and maintenance matters.

Power to Face Trial in Beloit

Owing to the peculiar circumstances existing, the case against W. Powers, Indian Ford, charged with reckless driving, has been dismissed from the local municipal court and removed to the Beloit municipal court for trial before Judge John E. Clark.

The fact that Judge H. H. Blawie is one of the chief witnesses, it being his car that collided with that of Powers, caused the change. The case was to have come on in court here, Friday. Dan Crady, attorney, is expected to defend Powers.

Farmers Rule Assembly; State Senate Made up of Members from Cities

(BY ASSOCIATED PRESS.)

Madison.—Rural control of the Wisconsin assembly and city control of the senate is shown by the classification of state legislators, completed by Elmer S. Hall, secretary of state.

Farmers have a solid block of 45 votes in the lower house, practically all of them allied with the La Follette Progressive faction of the Republican party. Legislators from rural communities give the country, districts complete sway over the assembly.

The senate has only two farmers in its membership of 22, while here city residents are in the majority.

This division often has an important bearing on legislation due to the differing viewpoints of the city and rural members on many of the legislative questions that arise. (Continued on page 5.)

Bennett's Visit Nets County \$14

C. C. Bennett, state auto license inspector, has just completed another little visit to Rock county and this time M. H. Miller, Orleans, was the host. Bennett, who was in the county for a total of \$14.25, in municipal court here, Saturday, by Judge H. L. Maxfield for driving a car without a 1922 license. He is alleged to have used one set of plates on two cars.

WISCONSIN-MICHIGAN Football!

Ann Arbor.—First period: Michigan, 0; Wisconsin, 0.

Ann Arbor, Mich.—Wisconsin and Michigan clashed on Perry field Saturday in a contest looked upon by Coach Yeast of the Wolverines as the local team's hardest test of the season. Michigan took the field determined to protect its goal line which had not been crossed this year, while the Badgers sought vengeance for last year's tie, which eliminated them from the championship race.

Wisconsin won the grand sweepstakes with its potato display and first place with its individual potato display, shown by George St. Claire, Eagle River, Waupaca county, and Olenka, who showed potatoes of the classes in which they were entered.

CHICAGO-ILLINOIS

Chicago.—The three unbeaten Western Conference teams in the race for football championship of the Big Ten, Chicago, Iowa, and Michigan, today engaged in battles which may be the determining factors in the chase for the title.

Most football experts picked the three leaders to win, at the same time qualifying their predictions by drawing attention to previous upsets in the game.

The Illinois, who played Iowa to a virtual standstill and then bumped Wisconsin out of the race, met the Badgers in the Wolverine at Ann Arbor, while Ohio State, in the DuSable stadium at Columbus, will attempt to check the advance of the Hawkeyes.

Stacy Field.—The Illinois line held Chicago's plunging back to short gains and the Maroon's passes also were smothered. Pryor's punting kept the play in Illinois territory in the event federal and state aid was available next year it was probable that the state would enter the road paved between Clinton and the Walworth county line to complete the Milwaukee trunk line concrete road from Beloit.

First period: Chicago, 3; Illinois 0.

YALE-PRINCETON

Princeton Stadium.—Yale punted by a Princeton fumble at the outset of the game and carried the ball by plunges and passes to within less than a yard of the Princeton goal, where they lost it on downs.

The play was in Princeton territory for the rest of the period. With their defense still holding firm the Tigers opened up their attack in the second period. Intercepting a Yale pass, Smith gained 30 yards on a pass from Cleaves, but Princeton failed to gain after that and Cleaves failed to kick goal from the field. As a half ended Yale had the ball on Princeton's 23 yard line after a 30-yard run by Jordan.

Score: Princeton, 0; Yale, 0.

OHIO-IOWA

Columbus.—Ohio drew first blood today in its game with Iowa, last year's champions of the Big Ten. A long forward pass, Workman to Wilson, gained 32 yards, and Wilson went over for a touchdown. Workman failed to kick goal and the score stood, Ohio State, 6; Iowa, 0.

OTHER GAMES

Janesville Seconds, 13; South Beloit, 0.

Sharon, 18; Woodstock, 0.

First period: Pittsburgh, 0; Washington and Jefferson, 0.

\$150,000 Fire in Armour Co. Plant

(BY ASSOCIATED PRESS.)

Chicago.—Fire raged early Saturday in a four story building of the Armour and Company plant in the stock yards, killing 75 hogs and causing damage estimated not to exceed \$150,000.

Firemen saved a number of hogs by swinging them to the ground with the aid of ropes.

Cars to Be Used for Edgerton Trip

Company "M" men of Janesville and vicinity planned here Friday night, to make a clearing house for the journey to Edgerton Tuesday night, for the company's semi-annual banquet to be held in Knights of Pythias hall starting at 7:30. It has been arranged for local automobiles to leave the Myers hotel corner at 6:30. George Lyness, Edgerton, in charge of the arrangements promises a roasting time. All the old officers of Company "M" are expected to attend.

LA CROSSE BREWER PLEADS NOT GUILTY

Madison.—Jacob L. Erickson, head of the Erickson Brewing company of La Crosse, was released on bonds when arraigned in federal court for violation of the Volstead act. He entered a plea of not guilty.

DELUGE OF DOG YARNS REACH DOG EDITOR

Dog stories came in a flood Saturday morning. Some of the manuscripts were done up in ribbons and others were written in pencil. Saturday afternoon, Miss Simpson, proprietor of English at the high school, Judge Harry Maxfield of the municipal court and the editor of the Gazette are reading about dogs.

Announcement of the prize winners will be made Monday in the Gazette. The prizes are \$15 to the writer of the best dog story and \$10 for the next in line. James Zenias of the Apollo gives the prizes.

ROUTE 20 AGAIN UP TO THE STATE ROAD COMMISSION

BUT COUNTY BOARD WANTS CONSTRUCTION THROUGH ORFORD. TWO DAYS' BATTLE

Supervisors Want Road Built North of Tracks Into Plymouth.

A three cornered decision was reached by the Rock County Board for the building of the road on the re-location of the road, as the matter now stands, is practically in the hands of the state Highway Commission.

The motion of Supervisor C. O. Osgard, Plymouth, to build west of Janesville through Hanover to Orfordville, was passed by a vote of 35 to 3 against with 5 absent. However, the original motion had been amended to include a section which would determine the route of the road. Both amendments were carried and both affect the original motion.

Up to Commission.

The amendment of H. B. Moseley calls for the building of the road on the upper Footville road to a point in Plymouth township, five miles from Janesville. The amendment of M. P. Richardson, Janesville, calls for the building of the road subject to the approval of the State Highway Commission so as to obtain state and federal aid. Consequently the route of the road beyond the five miles west of Janesville on the Footville route is in doubt.

If the Highway Commission sanctions the drop down from the upper road to the old route through Hanover the Osgard motion can be made effective.

The votes against the Osgard motion and both amendments were cast by Campbell, Hansen and Lathrop.

Motions Thuck and Fast.

During the Saturday morning session the Hanover and Orfordville bloc staved a vote ditch fight to force the building of the road west from Janesville through Hanover to Orfordville. Motions and amendments came thick and fast until at noon hour there was a complete situation until no one knew exactly what motion had precedence.

Several recesses were taken as the old and new road forces mustered strength or tried to avert a vote depending on the shifting of board sentiment.

Highway Commissioner C. E. Moore made it plain that something had to be done at the present session.

"The survey's must be made this fall and early winter," he declared. "It took 10 years to develop the present county force and I request sufficient time to do so."

(Continued on page 5)

RECONSIDER AFTER LONG DISCUSSION

County Board Takes Half Day to Change Order of Thursday.

Following adoption of the report of the committee on equalization setting the true value of Rock county property at \$120,000,000, the county board then squandered off for a new surmise on route 20. The chest of the old road, after being knocked flat by the passage of a resolution to lay concrete through Footville from Janesville, came to life again late Friday afternoon, when a vote to reconsider was passed, 25 to 18, with one absent.

The Hanover and Orfordville representatives refuse to be cowed.

The motion to reconsider was made by Supervisor Simon Smith. There was a long discussion preceding the voting and when the motion carried, the board passed on to routine business without further explosions on the rival claims.

"There was considerable business to transact, with no chance for an adjournment Friday night, so they left the road over until there was more time."

The vote on the motion to reconsider the action in ordering the road through Footville was as follows:

For reconsideration—Anderson, Arthur, Campbell, Smith, Osgard, Clemons, Crist, Doty, Elford, Finch, Hall, Hansen, Hefeman, Knight, Jones, Merriman, Osgard, Paulson, Perrigo, Ross, Simon, Smith, C. M. Smith, Snyder, Treadway, Van Wert, Wiscom, and Chairman Dalton.

Against reconsideration—Boydton, Bruhn, Crandall, Deming, Draha, Drew, Lowery, Gilles, Korn, Lathers, Markham, Morgan, Moseley, McCarthy, Richardson, Acheson, Walker and Woodruff.

The relocation question is still open and promised to be the first works for the meeting Saturday. The (Continued on page 3)

THE WEATHER IN WISCONSIN

Rain, probable Saturday night and Sunday, turning to snow and colder Sunday afternoon or night; colder in northwestern portion Saturday night.

Walworth County

ELKHORN

County Seat News.
MRS. GRANT HARRINGTON.
Telephone 25.

Elkhorn—Several jury cases are scheduled for trial here Nov. 24 before Judge David A. Hays. Of these, the first is the case of Walter A. Hays, who will sit in the absence of Judge Jay E. Lyon who is ill.

The following jurors have been summoned: W. L. McCoy, Mr. E. C. Broughton, F. M. Crofoot and Mrs. Frank Pounder, Delavan; Lot Coventry, Pontiana; Mrs. Bert Cox, Arthur Cox, J. K. Dunham, Iva Cotton, Roy Lindquist, Walter Edwards, Martha Bennett, all of White-water; Ray Brunswick, Genoa; Alice Abbott, Mary Betts and Annie N. Napper, Lake Geneva; Earl Kimball, Walworth; Elmer Watson, East Troy; A. J. Denmore, Sharon; Mrs. John Parkins and L. W. Swan, Elkhorn; James Boden, Lyons and Mary Markell, Darlen.

A family of Lyons, Mr. and Mrs. George Holland, Jr., of Delavan, was in Elkhorn Thursday. Mr. Holland belongs to the third generation of a family of showmen. His grandfather, Peter and mother and a number of relatives having been prominent in the profession. Mr. and Mrs. George Holland are riders. For years they featured the Robinson circuit, but some time ago have been on a vaudeville circuit covering large cities. They are resting at their home on Delavan lake but expect to soon go back to the work. They have a handsome white and silver-burn on the place where they keep in condition and fit for exhibition work at all times.

W. R. C. Inspection.
The Elkhorn W. R. C. will have an inspection Wednesday night, Nov. 22. Mrs. Geraldine Fenlon, Walworth, past department president, will visit the corps as inspector. On Thursday, Nov. 23, the district convention will be held in Clinton. Mrs. George Weaver, Elkhorn, responding to the address of welcome.

The report of Helen Martin, county superintendent of schools, presented to the county board on Wednesday, contained the following interesting statistics for the county:

Total number of children	2,085
Girls over 4 and under 20	2,293
Number in school	1,451
Men teachers	12
Women teachers	132
High schools	100
State graded schools	6
High schools	7

School Receipts.
Money on hand June 30, \$59,229.70
School district taxes \$29,745.35
Receipts from other sources \$92,479.07

Total \$181,454.12

Disbursements.
Paid teachers' salaries \$225,929.12
Other expenditures \$154,648.28
Balance in school funds \$150,678.72

Total \$531,056.12

Persons.
H. D. L. Adkins, cashier of the First National bank, returned Thursday from Milwaukee, where he attended a meeting of the protective association of the Wisconsin Bankers' Association. Mr. Adkins is one of the directors.

Mr. and Mrs. Thos. Costello made a trip to Chicago this week for consultation with physicians regarding Mrs. Costello's health.

The Rev. and Mrs. H. F. Justina, Waukesha, have been spending the week with their daughter, Mrs. Leslie Foster, Sugar Creek. Mrs. Foster returned home with her parents, Friday, to remain until Thanksgiving.

Mr. W. Swan and George O. Kelliege spent Friday in Milwaukee, attending the closing meetings of the Consistory.

Miss Alice Morrissey went to Racine Friday to visit her uncle, Harrison Beamish and family. Saturday and Sunday.

Ed. Hall, Chicago, motored to Elkhorn Wednesday, visited the Morris and Carter families until Friday, returning home with his wife.

The Brook church district has cases of chicken pox.

Alfred P. Rogers and Anna M. Rice, both parties of Lyons, have applied for a marriage license. Rev. A. C. Deiver, Lyons, will officiate at a Thanksgiving wedding.

Notes.
A contest was started Friday, Nov. 17, in presenting literary programs. The freshmen members first and will be followed by members of sophomores, juniors and senior classes to each class puts on the best numbers. The first program was as follows: biography of Dr. Lyman Abbott, Phyllis H. Filletrot. Talk on Safe-Side, Ben Carter. Trumaine solo, Sam Fox. N. D. and violin solo, Sam Fox. The Athletic Girls' banquet was highly appreciated by the football team. Toasts were given at the club by Capt.-elect, Arthur Green. E. Cooper by Gerald Morrissey and a farewell speech by Capt. Joe Harris. Miss Taylor told what she thought of the 1922 team and Sam Fox. The first of next year's football team. The popular coach, Chief Look-Around, was present and gave the team a characteristic send off. This party ended by mascot, Charlie Morrissey leading the entire body in school yells.

Darlen.
Darlen—Mrs. Morris Isaacs, Delavan, spent Thursday here.

Mrs. Charles Isaacs was called to Chicago by the illness of her niece, Mrs. Elmer Rockwell.

The R. N. A. held an interesting meeting Wednesday night. There was a large attendance. Lunch was served.

Mrs. and Mrs. Leon Piper and Mrs. Matt Davis shopped in Beloit Wednesday.

Mrs. Susie Peber was called to Beloit Friday by the illness of her granddaughter.

Darlen lodge No. 126, P. and A. M., will hold a social meeting at its hall Thursday night, Nov. 21. Refreshments will be served.

L. J. Rogers, New Hartford, Ia., and Mrs. J. S. Tapping, Delavan, called here Thursday.

Easter camp, R. N. A., has received invitation to attend a class adoption and banquet in Milwaukee Nov. 25.

A. N. Cummings was in Whitewater Thursday.

Inspection of the W. R. C. will be conducted Tuesday by Mrs. Geraldine Fenlon, Waukesha.

Hal Lindaman and friend, Milwaukee, are visiting Mr. Lindaman's mother, Mrs. Alice Lindaman.

Mr. and Mrs. P. A. Park, Mrs. A. W. Blomhard and daughter, Bernice, shopped in Beloit Thursday.

NOTICE.

NEW POSTMASTER AT WHITEWATER

ROBERT BUCKLEY
Selected by Congressman Cooper and appointed to good job.

WALWORTH BOARD RESUMES TUESDAY

County Agent and Highway Commissioner Are Retained.

[SPECIAL TO THE GAZETTE]
Elkhorn—Unable to conclude its business, the Walworth county board after an all day session Friday, adjourned until 10 a. m. Tuesday, when the report of the equalization, finance and the public property committees will be acted upon.

L. J. Merriam, county agent, was retained for a two year term and the board appropriated \$2,500 each year for his salary and expenses.

Highway Commissioner E. J. Peters is retained for another two year term.

William Clancy, East Troy, was elected to the county state road and bridge committee in place of E. V. Taylor.

E. C. Woodford, Darlen, and John C. Brennan, Linn, who have been members since the committee was created, were re-elected.

The program for highway construction for 1923, as heretofore outlined, was adopted.

A resolution for issuance of \$430,000 of highway bonds to finance the work was passed.

Every one of the eight propositions for legislative action, on which it had been asked to vote and which will be submitted to the legislature, was acted on favorably. One of these is the new plan for raising funds for highway construction and maintenance.

Walworth county insane asylum and poor farm had total expenditures of \$48,431 in 1922. It was reported.

The budget for the coming year for the county is expected to be \$184,000, a decrease of \$57,000 from 1922. The largest item is \$200,000 for highways.

Bones of Missing Farmer Are Found

[BY ASSOCIATED PRESS.]
DILL CITY, Minn.—With the discovery of human bones in the woods near Solon Friday, the mystery of the disappearance of Arthur Richardson, 66, a farmer who has been missing since August, 1919, is believed cleared. Beside the body lay a rifle containing an empty cartridge, on which authorities have based the theory of suicide. A watch and knife found on the body was identified by Richardson's two sons, Hurd and Richard, who were in a dense grove dislodged a pair of high rubber boots. The bones were discovered near the foot wear.

Old Resident of Elkhorn Is Dead

[SPECIAL TO THE GAZETTE]
Elkhorn—Elmer Gray, 81, died Friday at his home here. Mr. Gray was born in Lisbon, N. Y., the son of Mr. and Mrs. Thomas Gray, and he came to Elkhorn when he was a child. He was a farmer in Geneva township until moving to Elkhorn three years ago. Mr. Gray served three years in the Civil War, enlisting in the 22nd Wisconsin Volunteers. Funeral services will be held Sunday at 2 p. m. at the Baptist church, the Rev. Ralph Mayo, officiating. Burial will be made in Hazel Ridge.

Members of the Ruthenford B. Hayes G. A. R. post of which he was a member will attend in a body.

ARREST 50 DRIVERS ON OSHKOSH STREETS

[SPECIAL TO THE GAZETTE]
Oshkosh—Over 50 automobilists of this city were ordered to report in municipal court as the result of rigid enforcement of the new artificial highway stop ordinance. Mayor McHenry changed his mind about Friday, but times for the first offense Friday. But most Wednesday there will be no excuse and times will be in order, the ordinance permitting a levy of from \$1 to \$25.

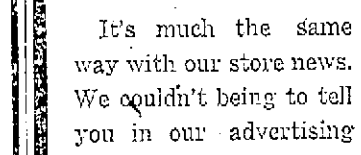

J. M. BOSTWICK & SONS

S. R. O. For News

A lot of folks have the idea that the big job of the newspapers is to get enough news to fill their columns. The fact is, they have to turn down more than they print. So many things happen that the "standing room only" sign is a fixture.

It's much the same way with our store news. We couldn't being to tell you in our advertising about all the interesting things here from day to day—not if we used the whole paper. So we try to publish a representative selection.

Any time you come in you'll find countless attractions in the "unprinted news" as well as among the "feature stories."

Potato Prices at Bottom, Assertion
[BY ASSOCIATED PRESS.]
Washington—Prices of potatoes have reached the bottom, according to the department of agriculture, averaging only 20 to 30 cents a bushel for growers in the west and varying from 40 to 60 cents a bushel at eastern shipping points. Some western farmers are giving potatoes away to anyone who will dig them, and others, according to the department, will let their potatoes rot in the ground.

"Big carlot operators in potatoes are cautious this year," the department says. "Some of them lost considerable money last year, having bought large stocks on the strength of a supposedly short crop and then found there were plenty of marketable potatoes in the spring."

The problem of how to utilize the surplus has renewed the interest in potato starch manufacturing. This industry is well established in Maine and some of the other states, which usually have surplus stocks. Maine farmers are glad to get \$10 a barrel for their surplus potatoes at starch factories, rather than let them go to waste."

DID YOU KNOW
That Shurtliff was making Candy? Ask for it next time you are at candy-luncheon. At all dealers. G. A. SHURTLEFF CANDY CO. —Adv.

2,000 ACRES OF TIMBER CHANGES HANDS IN NORTH

Iron Mountain, Mich.—A timber deal involving 2,000 acres of hardwood timber has changed hands in Michigan. For consideration of \$140,000, this just been concluded by John Flanagan of this city. Experts have estimated the tract will cut 20,000,000 feet of logs besides other products.

The land was bought from the Norton Lumber company of Ontonagon and the P. C. Fuller company of Grand Rapids, Mich., and Ontonagon. The tract includes a logging railroad, the rolling stock and logging camps. The railroad connects with the Ontonagon branch of the St. Paul road. "Ten million feet of logs will be cut this season, it is said."

The X-Ray and Chiropractic

The Chiropractor spends month after month for three years perfecting the sense of touch in his fingers so that he may correctly ascertain the location of each spinal segment in the patient's back. Even with his adaptance at locating these misaligned or subluxated vertebrae he is sometimes baffled; and to prove conclusively to himself that he is absolutely correct in his findings, he resorts to the X-Ray. By taking a radiographic picture of the patient's spine he is not only enabled to actually see the exact conditions as they exist, but he is also able to show the patient that condition.

If the patient desires, he can also avail himself of the opportunity to follow the return of the offending vertebra to normal position by having subsequent pictures of the spine made during the series of adjustments. Then, too, positive proof is often of much solace to the doubting patient who is not familiar with the real effectiveness of Chiropractic adjustments. Seeing the change of the position of the vertebrae to normal and feeling the regeneration of his body at the same time, is incontrovertible evidence of the correctness of Chiropractic.

Chiropractic for Women

For as far back as the memory of woman goes, she has suffered from diseases and ailments peculiar to her sex. Headaches, backaches and a dragging feeling that life is almost useless, have tortured her until she has gladly welcomed anything that brought relief. The result has been uncounted years of drugging, doctoring and treating the effect of her trouble; and her gain has been only a temporary relief at best. Often when relief could not be obtained, surgery did away with some of her suffering and gave her a new kind—usually mental anguish added to new physical pain.

Chiropractic for Women

The Science of Chiropractic has proven the uselessness of all this suffering and the senselessness of these methods of treatment. The failure of the organs to function properly is due to pressure on the nerves that supply them with the vital force or mental impulses necessary to life and proper functioning. Subluxations or displacements of the vertebrae of the spine, causing pressure upon these nerves, are the CAUSE of the disease, and when a skilled Chiropractor by adjustment puts these vertebrae into perfect alignment again, and Nature has an opportunity to supply properly every organ and part of the body with the vital force that flows to them from the brain through the spinal column and nerves, there is no more suffering—only normal, healthy functioning of all the bodily organs.

Screen and Stage

PROGRAMS AT JANESVILLE THEATERS, NOV. 18-22.

MYERS.
Sunday through Thursday—"Manslaughter," with Thomas Meighan, Louis Wilson and Leatrice Joy.
Friday through Saturday—"The Valley of the Silent Men," Alma Rubens and Lew Cody, with four-act vaudeville bill.
HEVERLY.
Sunday through Wednesday—"The Eternal Flame," Norma Talmadge.
Thursday through Saturday—"Colleen of the Pine," Jane Novak.

APOLLO.
Monday through Thursday—"The Silent Call," featuring Strongheart, wonder dog.
Friday—"The Forbidden Thing," and vaudeville.
Saturday and Sunday—"Vaudeville and three comedies."

After a week of hilarity, furnished by the Kiwanis Minstrels and a stage comedy, the first of the week, in addition to the usual excellent film attractions, next week will again be one of stage hilarity, but of unusually excellent pictures. Strongheart in motion pictures does frequently occur, and the viewing of one poor picture will often make a person feel that he has seen the best of the breed. If the reverse is true, there will be great contentment in motion pictures after next week, for each of Janesville's theaters is offering an attraction extraordinary. And all three are of absolutely different types so that one might well see them all without their becoming tiresome.

November marks the end of the first six months of management of the Heverly theater by Chester J. Goetz, and within this period the theater has built up a patronage that comes only as the result of the excellent class of pictures shown. In half a year's time, the class of pictures shown here has entirely changed, so that one now looks to the Heverly for some of the best screen attractions.

Sunday will reveal for the first time the new scenic investigations installed in the Heverly theater, now so popular in the larger and more elaborate movie houses. Included in them is a silk valour procession drapery in blood and orange and an entirely new

Thomas Meighan and Leatrice Joy in Cecil B. DeMille's Paramount Picture "Manslaughter"

penetrate blue stage setting all done in full drapery effect. It adds much to the appearance of the theater, and carries out the scheme of coloring seen on the auditorium walls and ceiling.

The Wurlitzer organ has received new improvements in the way of an added bass and treble pipes, bringing the instrument's total qualities into a much heavier tone, necessary for a musical score to blend with the pictures.

Janesville's greatest of two stage attractions within the last two weeks at the Myers theater was not over-

enthusiastic, perhaps justifiable in one case, and the future, as far as any but the movies booked and vaudeville are concerned, is doubtful. It is hoped that the management will see fit to book some of the excellent attractions now on the road and give the public here another chance to show their appreciation for good stage attractions. Outside influences sometimes have an effect on plays which is unavoidable, and which is no criticism of the show or the policy of the theater.

AT THE MYERS.

A combination of one of the best-selling novels of 1921 with the dramatic powers of Cecil B. DeMille in motion pictures could result in nothing less than a stupendous and magnificent production. "Manslaughter" is just such a production, and when still added to the features mentioned is an all-star cast, including Thomas Meighan in the leading role, Leatrice Joy supporting him, and Louis Wilson and others in the minor roles, the success of the picture is not to be wondered at.

If the picture has as yet been little heard from, it is because it is so new. One of the latest releases of the Paramount company, it is yet playing in large houses in Milwaukee, where it recently opened, and will make its debut early next week at the theater. "When Knighthood Was in Flower" has just completed a record-breaking success. The picture promises to live up to its name, and the same story has been kept throughout. It is that of the young woman, introduced with the joy of her inconsiderate of others, who is sent to prison by her lover, the death of a policeman who was arrested for speeding. Instead of it making her bitter, she sees the point of view, and after she gets out is able to help him on toward success and fame.

Some of the stars in the cast, in addition to those mentioned, are John Milner, George Pawcett, Julia Faye, Edythe Chapman, Jack Hovner, Casson Ferguson, Mickey Moore, Sylvia Ashton, Raymond Hatton, "Teddy," a dog, Michel Van Duren, Edward J. Carroll, Charles Ozle, and Shannon Day. All these are frequently seen on the screen.

"Careful by Radio," starring Queenie, the comedy horse, will be shown in addition.

"The Valley of Silent Men" is another excellent attraction, but of an

entirely different sort. This picture for the week-end is one of the "outdoors," of exciting adventures on the mountains and in the big woods of the northwest. Its excellent photography, cast, and direction will make it a better production, however, than most northern or western features. The story of the same name, by James Oliver Curwood has been closely followed, making the continually good, and holding the interest. Lew Cody does his first acting as a hero instead of a villain, and does it with such grace that he is assured similar roles in the future. Others in the small cast are good. The picture concerns only a few people, among them, the members of the Royal Northwest Mounted Police, who have recently, thanks to the movies, been surrounded with such a halo of fame.

AT THE HEVERLY.

Due to the changing management in the theaters here recently, Janesville does not have to wait months on end to secure one of the pictures which they hear so much about when playing in the larger cities. Recent some of the greater pictures open in large cities, are exploited quite a bit, and soon after, are shown in the smaller cities. One of these will be "The Eternal Flame," Norma Talmadge's latest picture, at the Heverly next week, with Cosway Talmadge, leading man.

No pains were spared in making this picture to have it live up to, or be better than "Smilin' Through," the

MONDAY, TUESDAY, WEDNESDAY, THURSDAY

Coming Straight at You! Strongheart, the Wonder-dog!

Half wolf, half dog—with steel-trap jaws and fire-eyes—a killer when the wolf-call echoes in his ears—a beast of unmeasured devotion when his animal heart, charged with an inborn hate of men, knows the first touch of human kindness bestowed by a girl.

A girl and a dog among men of all breeds out yonder in the hills of thrills

It was life in the raw out there—a life the girl, fresh from the city, could not understand.

She shrank from the men who fought for her. She found ferocity and hate in men and beasts. She, too, found love. Ever guarding her the great wolf-dog—straining between the call of the pack and animal devotion for the girl. Sooner or later the blood-call would win—and then—

A-a-ah! Here's a Story

H. O. DAVIS

presents it real as life—based on Hal G. Evarts' Saturday Evening Post story "The Cross Pull." Remember it?

It's bigger than ever when portrayed by Strongheart, the dog; John Bowlers, Kathryn MacGuire, William Dyer and the magnificent cast of

"THE SILENT CALL"

Adapted by Jane Murnin

Directed by Laurence Trimble

At this time I take great pleasure to present you "Strongheart" the wonder-dog of all dramas. Strongheart in "The Silent Call" will appeal not only to some sex or age or some others, but will appeal to every citizen regardless of age.

I do recommend this picture with all sincerity. If there was any way that I could reach each individual to analyze this picture in detail I am sure they would walk fifteen or twenty miles to see it. To explain it through the columns of The Gazette would require the entire issue.

It is my great pleasure to have every child in the city and vicinity see this great picture. I have always been friendly with children and always enjoyed watching them view the pictures which I presented in the past.

WE WILL GIVE A SPECIAL CHILDREN'S MATINEE EVERY DAY DURING THE ENGAGEMENT, AT 4:15 p.m. As above stated, I would like to have all the children of Janesville see this picture, and knowing under the present conditions that perhaps some of the children cannot afford to pay the admission, I authorize all the teachers in the city and vicinity to investigate and issue passes to those children who are not able to pay the admission price. Mr. Bassford before leaving Janesville told me, "When you have 'The Silent Call' don't forget the children of Janesville."

Announcement of the award of prizes in the Dog Contest made on Monday, the 20th. Names of the winners will be printed in Monday evening's Gazette.

PRICES—Matinees, 15c and 25c; Evenings, 20c and 35c.

Stage and Screen

Continued from page 4.

Norma Talmadge success that put her at the top of the list of stars. She is to make a picture following that wonder, her career would be spoiled. But she did not, and although "The Eternal Flame" is a picture of an entirely different nature, and in which Norma takes a role of entirely different characterization, yet it is said to be every bit as good, if not better, than "Smilin' Through."

The story is that of Balzac's "La Duchesse de Langeais." An elaborate musical and vocal prologue, with three Janesville young women, will be featured. The comedy to be seen in conjunction, is one of Larry Senor's. Jane Novak has been seen here a number of times recently, but each appearance only heightens her popularity. She is a star of great personality, and that added to her acting ability and the good and likable stories she is seen in, make her pictures successes. Although she has never produced a magnificent nor a stupendous picture, neither has she

been known to have made a poor one. "Collection of the Pines" is a story of much excitement in the north woods.

AT THE APOLLO.

A story of the Eliza Sierres with all the grandeur and primitive emotions of that region, "The Silent Call" has been announced as the feature attraction at the Apollo theater next week. One of the features of interest is the fact that the cast of principals consists of seven men, one, Edith, and Strongheart, the most intelligent police dog in the entire world, whose performance in this photoplay will doubtless make him the most beloved animal on the screen or stage.

Throughout the dramatic incidents of the plot that involve the human characters of the story, runs the thread of the life of Strongheart, the dog, who is the hero and the dog nature in him his final mastery of the former and his vindication in the case of the capture of his heroine in rescuing the hero and the heroine from the real danger that confronts them. It is the dog who must realize the love between Moran and Betty Houston, played respectively by John Powers and Kathryn McGuire, and who wreaks vengeance on the villain, portrayed by William Dyer. It is Strongheart, too, who finally brings the parted lovers together to happiness.

Several claims have been made with entire justification for "The Silent Call." It brings as never before to the silver sheet the limitless beauty of the Sierras. In the dog, Strongheart, will be found perhaps the greatest animal actor ever seen on screen or stage, absolutely natural in his performance, a feat of heart and powerful characterizations of the other members of the cast, which includes John Powers, William Dyer, James Mason, and other well-known players. This picture gives the most dramatic opportunity to its heroine, Kathryn McGuire, the latest Sunset luminary to graduate from the ranks of bathing beauties and showgirl comedians into the portrayal of more serious dramatic roles.

"The Silent Call" was adapted to the screen by June Maurin from the story and novel, "The Cross Pull," by Hal G. Evans. The picture for Friday is an Alton Dwan production. It has a good story and an excellent cast, headed by

ROCK SUPERVISORS FAVOR "GAS" TAX
Special Assessment on Motor Vehicles Also Supported Here.

With but one exception the Rock county board by a big majority on Friday favored the changes in highway legislation proposed by the legislative committee of the Wisconsin county boards association. Several of the supervisors, however, made it plain they demanded the county retain its powers to handle its own road affairs and branded the so-called state aid system "as mostly a sham."

Rock county furnishes the money, the state sends a part of it back—and they call it "state aid," was the expression made.

The one proposition the board refused to recommend was whether the state highway commission should be empowered to have a voice in the selection of a road commissioner.

"We are constant to take care of that appointment," declared W. J. Morgan, Lima township.

State Engineer Here
A. L. Hambrecht, of the highway commission, in charge of the southern division, appeared before the board and explained a number of points. The new legislative measures were also discussed by Frank Cannon in his address here.

The proposition and the vote was a close one.

Number one—favoring the construction of the state trunk line system by adding 2,500 miles to the 7,500 miles on the present system. This would mean 40 or 50 more miles trunk lines for Rock county.

Number two—whether the county favored the saving of the federal funds now available for Wisconsin and those hereafter to be made available, so that Wisconsin may receive back its proper share of the funds. The state must match the federal aid and this proposal was carried 45 to 0.

Number three—The relieving of the counties by the payment by the state of all except the federal government's share of the cost of federal aid construction. Instead of direct taxes the road revenue is to be raised by revenue from the motor vehicles and fuel. This was also passed 45 to 0.

Number four—Whether the counties are relieved of paying any part of the cost of federal aid construction, the board favors the distribution of the joint state and federal funds not on a county basis but in some manner fair to all sections of the state so that the principal lines of travel throughout the state may be paved at an early date. This passed 45 to 0.

Number five—Whether the board favors the payment of a refund or bonus by the state to the counties which have already bonded and pushed the construction of a high type road.

Number six—The most important, is on the changing of the direct tax system for roads to the method of raising money by a combination of graduated license fee on motor vehicles, 2—a two percent valuation tax imposed on all motor vehicles in the state and 3—a two cent per gal-

Put Home in Order for Cold Weather, Plea of State Fuel Committee

Madison.—With the approach of cold weather, the state fuel committee advises home owners that they should start preparations to save anthracite coal by repairing all possible openings in their houses.

Wisconsin will have only slightly more than half its normal supply of hard coal this winter and conservation will have to be practiced, P. Pressentin, secretary of the fuel committee, advises. He says thousands of tons of coal can be saved if only domestic consumers will see that their homes are put in shape for the winter.

"Cracks around the windows and doors, broken window panes and unprotected heating pipes indicate fuel is being wasted," his statement says. "It must be remembered that if one family, through carelessness, wastes fuel during the present shortage, another may suffer because the coal is not enough coal to supply all with their usual amounts this winter."

Use winter stripping to close up cracks around windows, where much of the cold air enters. Replace all broken window panes promptly, especially in basements and attics. Use cloth or felt to close cracks in doors and transoms, installing storm doors whenever feasible. Close all openings in floors and about baseboards. Be sure basement doors and windows are tightly closed and cold air excluded, as it is on the upper floors.

Close furnace and steam and hot water pipes with asbestos insulation. Keep the attic closed off, replacing all cracks. Close off heat in rooms where windows are opened for the night.

"There are few households so situated that they cannot save money by attending to the weather proofing and stopping heat losses," Mr. Pressentin says. "At the same time, they are doing a good turn for their neighbors by saving fuel."

CAID OF THANKS.
We wish to thank our friends for the sympathy shown us during the illness and death of our sister, and for the floral offerings.
MR. JOSEPH L. BROWNE
MR. & MRS. ANDREW BROOME

LUMBER COMPANIES STILL SEEKING MEN
Ashland.—A big demand still continues for woods labor and there are still some "calls" for construction work, although not so numerous as during the previous week. The lumber companies have been advertising lately extensively for men to work on piece work. This is now being changed by loggers who complain it is difficult to get men who know the business. Consequently these lumbermen are placing the men on a monthly wage scale.

Presbyterian Men.—A Presbyterian Men's club has been organized with the following officers: J. A. Deshong, president; C. S. Atwood, vice-president; Leon B. Bickel, secretary-treasurer. The club will promote the 10 o'clock Sunday morning Bible class and a program of church promotion outside of the club.

FARMERS RULE IN ASSEMBLY, SENATE IN CLOSE VOTE
(Continued from Page 1)
of the present state of mind of agricultural interests, the farmer members of the party house are expected to propose drastic legislation to meet some of their problems.

The assembly political line-up exclusive of Milwaukee, from which report on the outcome of all contests has not yet been received by the secretary of state, shows that 55 members have endorsement of the La Follette faction. This is a clear majority, with 29 Milwaukee districts still to be heard from.

One democrat, Richard Kamradt of Norwalk survived the Republican sweep this fall, and is the lone representative of his party in the legislature. In the senate 17 of the 33 seats are held by men allied with the La Follette faction, three members are socialists and 13 in the past have been opposed to party control in the republican party.

O. G. Kinney, senator-elect from the eleventh district, because of his serious illness, may not be able to sit in the senate sessions and in event of his resignation a special election will be called. There is a possibility that the administration would lose a seat in the upper house in this case, and the senate would be controlled by the La Follette faction.

Leadership is available for both factions, each of the houses, with return of influential members to the coming session.

John L. Dahl, Barron county, will head the administration forces in the assembly, and is expected to be elected in the election almost assured. Should he go into the chair, Assemblyman Herman Scheitgen of Dane county and E. G. Hansen of Pierce county will be the leaders for the La Follette faction.

Matheson Leads Minority.
Assemblyman A. E. Matheson of Rock county and Sumner county, will head the opposition forces. They were leaders of the majority faction in the last legislature.

In the senate, Senator Herman L. Severson of the 23rd district and Henry Huber of the 26th district will lead the administration forces as

they have in the past two sessions. One of these men is expected to be named chairman of the finance committee of the legislature, with the governor understood to favor the selection of Senator Huber.

Organization of the legislature with the determination of leadership will take place on the night of Jan. 9 before the next regular sessions starts at noon Jan. 10.

RECHLIN RECITAL EXPECTED TO DRAW LARGE AUDIENCE
One of the chief musical events of the fall season will occur next Friday night at the Congregational church, when Edward Rechlin, considered America's best interpreter of Bach, will give an organ recital under the auspices of the Lutheran churches. The program will consist, in a great part, of the beautiful Euterpe music, which some of the better-known pieces for those not acquainted or familiar with the music of this church. Friday night's concert will mark the third appearance here of Mr. Rechlin, who is now touring the United States. His former two recitals were both well-received, and nothing of a packed house is expected. Organ music is becoming more and more liked, as seen by the installation in theaters of large and beautiful organs. Only the life time study can enable one to interpret Bach properly, and it is said of Mr. Rechlin that he has received this position of New York and Boston speaks highly of him.
Admission price has been made quite low, especially for children.

A GIRL

There is nothing exciting or alluring about Bridge Street, Norris City. It looks like any Bridge Street, or Main Street, or Market St. In any small town that has long since given up hope of doing anything but a small town. In the summer, its sidewalks are paved with hot sun, and in the spring it is muddy, and in the fall it is cold and discouraged. Perhaps it looked its best in mid-winter, when white snow hid it and hung fantastic icicles from roof beams, and covered with delicate frosty lace work the window where Joe Kelly displayed boots and James Dyer cans of beans and packages of spaghetti. It was mid-winter now, and the snow was down best to cover the street car tracks and the ugly pavements.

Pandora Nicholson, as she hurried along with a basket, her shoulders hunched against the cold, thought only that it was blowing up hard, and that this would probably settle down to a blizzard. She turned into Dyer's grocery, after barely halting, and there she could see a crowd of people, buying provisions. She dreaded going in—simply because most of the men and women would turn around and look at her. Of them she knew—but that only made it worse. For she would have to speak to them then. She would have to raise her eyes which were always cast down, and she would have to look at them, and she would have to answer them. And old Mr. Dyer would sing out, "Good evening, little one!" Which would make all the rest of them look at her. At rest of them she knew—by the way, Dyer's method of being blunt and hearty and courteous. Every one under 18 was "little one" and everyone over 18 was "ma'am." He had the reputation in the village of being a respectable man and was very popular.

However, things had to be bought, so the girl went in. The bell over the door, shaken by a storm which had been blowing itself up for a hour, rang. This was to warn Dyer that a customer was about, when during the slack part of the day he retired to the cellar to knock boxes apart or decent chaps vinegar from a jar. People turned idly to look at the newcomer. Pandora felt as though every pair of eyes were turned straight through her. There were half a dozen people buying. True to form, Dyer sang out, "Good evening, little one," and, of course, everyone turned to her.

She advanced to the counter with one nervous, cold hand over her mouth. Whenever she was particularly shy, or frightened, or upset, she covered her mouth with her hand. Young Dyer, the half-grown son who was to be taken into partnership some day, greeted her quietly.

"Hello, Dora. I'll wait on you; it's a minute. Better order a lot of stuff, looks like a regular blizzard—we won't get the sleigh out for three days. I don't believe."

But when he came for her order, she asked only for a few supplies. In answer to his repeated warnings, she said: "Aunt Maude didn't say to get more than this."

She knew, if there happened to be a delay in delivering, they ought to have more things, sugar particularly. Aunt Maude had not told her to get them, and she had long since learned that the best way was to obey Aunt Maude literally.

So with a light basket, she went out again, followed by old Dyer's "Good night, little one." She won-

Dinner Stories

Kenneth Harlan, who plays in "The Beautiful and Damned," the new Warner Brothers production, is an enthusiastic golfer. He says he could never make the women on the course

pay any attention to him when he shouted "Fore," so remembering their bargain hunting proclivities he tried yelling "Three ninety-eight."—New York Telegraph.

Even the art students are denied a little fun nowadays. Aspirants for fame were recently informed that for this year's competition for the Prix de Rome they could submit either "A Nude Boy" or a "Prometheus." These themes seemed rather hackneyed to the ambitious mind of youth, and the students protested, pleading for some less banal test of their powers. The protest was ignored, and one of the students, in the exasperation of his disgust, proceeded to ridicule himself by posing as "a nude boy" in one of the windows of the Ecole des Beaux-Arts.

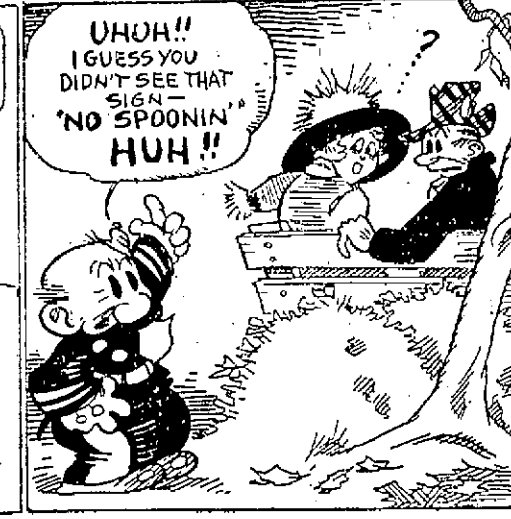

The Phillistine residents in the Beaux-Arts quarters were much scandalized, and complained to the authorities of the school, with the result that as a punishment for the student's levity, it has been decided to hold no competition for the Prix de Rome this year.—London Times.

HOUSEHOLD HINTS

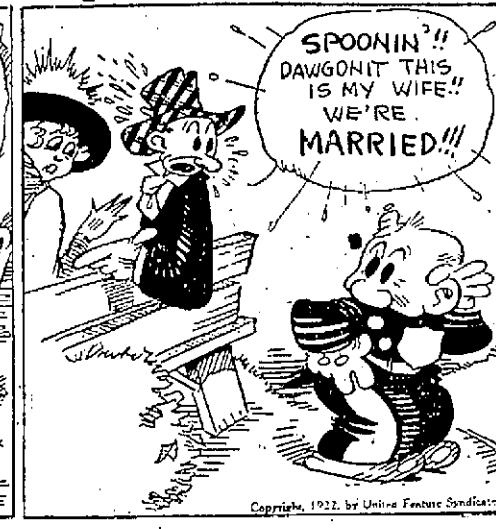

MENU HINT
Breakfast. Grape Fruit. Poached Eggs.
Hash. Coffee.
Luncheon. Cauliflower au Gratin. Baked Apples. Colery. Whole Wheat Rolls and Butter. Sugar Cookies. Milk.
Dinner. Veal Loaf. Baked Potatoes. Banana Salad. Assorted Cakes. Coffee.

TODAY'S RECIPES
Hash may be made of any leftover meat and potato finely chopped and moistened with a little water, milk or gravy. Very little meat is needed as the eggs give the substance to the meal. Brown in frying pan with a little meat dripping or butter, then turn and brown the other side. Turn on to hot platter; put poached eggs on top and serve.
Poached Eggs—Half fill the frying pan with boiling water, add a teaspoon of salt or vinegar, break the eggs gently in and simmer until they are done according to taste. Lift them out, drain and put on hash.
Cauliflower au Gratin—Cut cauliflower in salted water until tender, put in baking dish. Make a good

BEAUTY CHATS by Edna Kent Forbes

COLD AND HOT BATHS
There has always been a question as to whether the cold or hot bath is the most beneficial. There is something undeniably exhilarating about a cold plunge; on the other hand, there is both relaxation and refreshment in a hot bath. At one time the cold morning bath was quite a fad; all doctors recommended it for health as well as sick friends. I think the fad continues today. Personally, I think it takes so much physical energy to brave the shock of a cold plunge that more strength is given out than is gained by the later reaction, and I am assuming that there will be a reaction. When there isn't, of course, a cold plunge is more healthy than getting one's feet wet or sitting in a draught. I think that even an anemic person will benefit by a cold shower following a hot bath. For if the bath is very hot and the skin glowing from that, the shock of the cold water is a perspiration. Follow this with a cold

ter, Mrs. Will Hantke—Luelia Peterson observed her birthday Wednesday with a party at the Stevens school. Refreshments were served at noon. The little hostess received many gifts—Will Fox installed a lighting plant at the Claude Dunham home, near Leaven, last week—John O'Brien, Chicago, called in this vicinity Sunday—Miss Alice Finnane was at her home in Willowdale during the week-end.
Miss M. E.—Your pimples must come from internal disturbances. If you keep your system cleared and do not overeat or eat food that disagrees with you, your condition will clear up.
Rummy—Unless the lump on your nose is disfiguring, I should forget all about it and cultivate other possibilities. There are operations for correcting small defects in the shape of the nose, but most people prefer to leave the nose alone.
Bobby—For the lines under the eyes, feed the tissues with a nourishing cream; but if you are trying to avoid wearing the glasses, while all the time you are needing them, you will only be making matters worse.
East Porter—Will Hantke, who was injured in an automobile accident Friday, is able to be about—Miss Louise Jacobson, Jamesville, visited the Stevens school Wednesday—Mr. and Mrs. Charles Hantke were in Jamesville Wednesday—Mrs. William Steuart, Edgerton, is visiting her daughter.

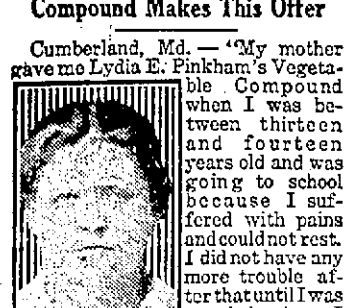

Let Cuticura Keep Your Skin Fresh and Young

Daily use of the Soap keeps the skin smooth and clear, while touches of the Ointment now and then prevent little skin troubles becoming serious. Cuticura Talcum is ideal for powdering and perfuming.

WILL ANSWER ANY WOMAN WHO WRITES

Woman Restored to Health by Lydia E. Pinkham's Vegetable Compound Makes This Offer

Cumberland, Md.—"My mother gave me Lydia E. Pinkham's Vegetable Compound when I was between thirteen and fourteen years old and was going to school because I suffered with pains and could not rest. I did not have any more trouble after that until I was married, then I was always was troubled in my back while carrying a child and could not do my work until I took the Vegetable Compound. I am strong, do all my washing and ironing and work for seven children and feel fine. I always have an easy time at childbirth and what it did for me will do for other women. I am willing to answer any woman if she will write asking what it did for me."—Mrs. JOHN HEIER, 53 Dilley Street, Cumberland, Md.

Mrs. Heier's case is but one of many we constantly publish recommending Lydia E. Pinkham's Vegetable Compound. Write to her.

New Enterprises Do Not Come Into a City Where Local Firms are Having Poor Success

If you were selecting a city in which to open up a new business, what would you consider? The very first thing which would make a good or bad impression upon your mind would be the success with which the firms already in that city were meeting. If that city had business houses struggling along on a "hand-to-mouth" basis, you would not give it a second thought. On the other hand, if the city has thriving, bustling, busy, concerns, you will give it long and studied consideration. But remember, that the success of business houses is determined by the support they receive from the public. This is true of Janesville manufacturers. If Janesville people will not support Janesville enterprises, how can Janesville ever expect to get new ones?

The ETERNAL Light, Heat and Power is always At Your Command by simply switching on the ELECTRICITY

IN YOUR HOME it will clean the house, light the dark spots, cook the meals, warm or cool the rooms, wash and iron the clothes, sweep the rugs and do away with much other hard work.

IN THE OFFICE it lights, heats or cools so that all work is accurate and efficient.

IN THE STORES it will grind the coffee and other such work. It will light the display of merchandise to maximum advantage.

IN THE FACTORIES it will operate the machinery to maximum efficiency and economy. It will light the work to obtain maximum accuracy.

ON THE FARM it lights the buildings to give greater safety and its power reduces the labor to the minimum.

Janesville Electric Co.

"A shallow talker seldom makes an impression,"
and so it is in advertising.
Say more and say it well and you will sell more.

THE BUSINESS OF FARMING DAIRY—FARM BUREAU—LIVE STOCK

DAIRY PUBLICITY PROGRAM FAVORED

One Day's Proceeds to be Used in National Advertising Campaign.

By ROCK-COUNTY. Wisconsin's nation-wide dairy advertising campaign is rapidly assuming form until in the near future dairy farmers here will be called upon to accept or reject the system recommended to raise the funds designed to increase the market for Badger dairy products and bring national recognition to Wisconsin's leadership.

The plan which was originally suggested for the collection of the funds will be used through the state. Each person connected with the dairy industry will be asked to give one day's proceeds in a year from the milk he handles towards the fund which finance the national advertising campaign. Leaders of such collections will be given a special award on a big enough scale to obtain results.

There is no argument but what the price on milk and dairy products is based largely on the supply compared to the demand. It is impossible to limit the supply but it is possible to increase the demand through advertising.

Farmers Must Advertise. The Gazette farm department has long urged farmers to see the value of advertising in their own business through signs and proper publicity. It is not only a matter of advertising but of advertising in the right way. It is not only a matter of advertising but of advertising in the right way. It is not only a matter of advertising but of advertising in the right way.

Protect Dairying. The attempt is the first concerted effort ever undertaken in the dairy industry to advertise on a national scale or big system as compared to private industries, whose very foundation of sales is in advertising.

The Wisconsin Bankers' association is lining up solidly for the plan. To John Kelley, chairman of the association, several times in the past he has spoken of the importance of advertising in the dairy industry. He has said that the dairy industry is one of the most important in the state and that it needs the same kind of advertising that other industries receive.

Juniors Convince Dads Good Livestock Pays

By LEWIS C. FRENCH. John Doe, out of Rock County, is a typical average farmer. He has a good farm and in the past days had fared well with his livestock. His land was rich enough to yield profitable crops. He belonged to the Farm Bureau but at times doubted whether it "paid him" or "whether it ever did him any good."

He had two children, Johnny and Jane. They both went to school where there was a rural teacher alive to her job in teaching agriculture. The Junior Clubs.

Doe liked his children, did not make hired help out of them and was quite willing to humor them in their whims, except when it came to such solid things as making money or accepting their theories on farming. So when Johnny bobbed up last spring with the idea of joining the pig club, Doe simply said, "Pig club, hey? Go ahead. Good thing. Keep you out of mischief."

"I want to join the club," put in the young daughter. "All right—go out and take your pig. But so ahead. I think you will find a pig is a pig and a calf is a calf and they will not grow a mile better just because you give them a better name and a fancy name. If your number and a fancy name. I'll help you start but you won't show the pig to the club until you have a few questions and not a little thing, he paid no attention to the "fool blooded stock."

Both juniors faithfully cared for their club animals. With dad's help and notes given by county association, the papers were made out in their names so that they "really and truly" owned a pig. Father and mother noticed their new more farm articles, discussed agriculture, paid more attention when adults discussed farming and did not spend so much time in idleness. Suddenly they took a new interest in the home farm.

The girl fitted up a separate stall for her bossy, white-washed and during the hot summer months she cleaned in her calf with cloth. She framed the registration papers. Her calf and Johnny's bunch of pigs were pets—not stock. Both kept accurate accounts.

REGISTERED SIRE INCREASES RETURN

Blooded Sire Increases Revenue from Swine Herd Nearly 40 Percent.

By JOE HAAGA. Asst. Sec'y, N. D. J. R. A.

After an exhaustive inquiry the Bureau of Animal Industry, United States Department of Agriculture, announced that pure bred livestock has about 40 per cent greater earning power than stock. This figure takes into account all breeds of livestock.

In the case of hogs the exact figures are \$3.3 per cent. These figures are based on information obtained from farmers who had used pure bred hogs for an average of nine years. About 70 percent of the females maintained in the herds of the farmers reporting were pure bred. The superior earning power of pure bred hogs would have been given more pronounced.

This superior earning power of pure bred hogs is reflected on the basis of utility and does not take into account the increased sale or breeding value of the animals. The superiority of pure bred hogs is due principally to better conformation and quality, increased production and earlier maturity. From these facts it is readily seen that through use of pure bred hogs our farmers can increase their pork production profits at least 33 percent even though the sow herd be composed of cradles.

By using a pure bred boar the farmer can produce pigs of better conformation and quality. This insures a higher selling price on the market. The pure bred boar will increase production in that he sires larger and stronger litters which means more pounds of pork per sow. In addition, the progeny of the pure bred boar makes greater gains for feed consumed thus lessening production cost. And finally the pure bred pigs mature more rapidly and are ready for market sooner.

Use Blooded Sire. To those who are not using pure bred hogs at this time, these figures should be cause for action. It shows clearly a loss of 33 percent in profits due only to negligence or lack of information. And it is a loss that can easily be remedied by adding a pure bred boar to the herd. The farmer can insure himself of nearly 40 per cent greater returns in raising hogs for market. These figures are worthy of thought and consideration.

A DREAM—BUT GOOD

A visionary dream perhaps—but it is possible. Think of Rock county with 2,000 state and federal accredited herds. Such a record would put the county far in the lead as a livestock center of the United States. Having such a variety of stock Rock would have the foundation to build up the greatest agricultural community in the world—providing the farmers on having a tuberculosis test would improve their herds with purebreds of the right kind or good grades headed by registered sires and keep up testing to be fully accredited. Such a program is worth going after for it would mean Rock county would be "first" in the world.

HOLSTEIN MEETING. The annual meeting of the Rock county Holstein association, reorganized a year ago, will be held December 6 in Janesville. The association now has 150 paid-up members. With a record year's work as a foundation the Holstein association should make a still greater advance in 1923. In a reasonable time the Rock county association will make Wisconsin county step some to hold its assumed place with the black and whites.

Few counties have a farm leader like J. A. Craig, president of the association. Waste and Foreign Commerce Committee has before it is designed to regulate foreign commerce by prohibiting the admission into the United States of certain agricultural products and seeds and for seed purposes. It provides that no person shall import these seeds unless the container is marked plainly and correctly to show the nature and locality where seed was grown and address of shippers, owners, or persons shipping or forwarding the same, and the address of consignees. It would follow the seed still further by requiring that when the seeds are mixed or blended or blended with other seeds that the relative proportions of foreign and domestic seeds used in the country or country where the foreign seeds were grown be shown. The rules and regulations carried in the provision of the Act are made by the Secretary of Agriculture.

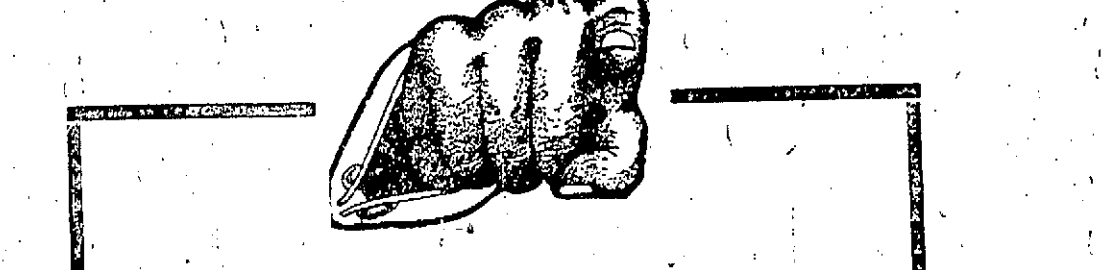

New Measure Law. The multiplicity of sizes and the fraudulent use to which many of them is put would be to all the detriment that is needed for the United States standards for hampers, round stove buckets, and split baskets for fruits and vegetables. The bill which has already passed the House is now before the Senate and should be passed by that body at an early date.

Eggs are scarce this month with those who are not feeding FULL-O-PEP Laying Mash. Feed this healthful food to your chickens and double your egg production.

Poultry Tonics and Remedies for All Purposes. We Specialize in Feed Grinding. Graham & Farley. Mill and Elevator. N. Main & Fourth Ave. Office and Store. 115 N. Main St.

Feed this Mash and GET EGGS! There is only one logical way to secure the maximum of eggs from your hens and that is to feed them. Therefore, give your hens Blatchford's EGG MASH. This mash is composed of the last ounce of wholesome, egg-making materials. You will be surprised how your egg-yield will increase when it is fed. Keep Blatchford's before them all the time—dry (just as it comes from the bag)—and collect the eggs. J. W. ECHLIN, Janesville, Wis.

Poultry, Veal Calves and Eggs Wanted. Will receive poultry, veal, calves and eggs at our office on Tuesday, Thursday and Saturday of each week. Have a truck on the road and will call and get your veal calves. We also receive at Doty's mill at Janesville on Wednesday and Saturday of each week. Call up for our prices. Edgerton Poultry Co. Edgerton, Wis. Res. Phone 397 Black. Office Phone No. 422.

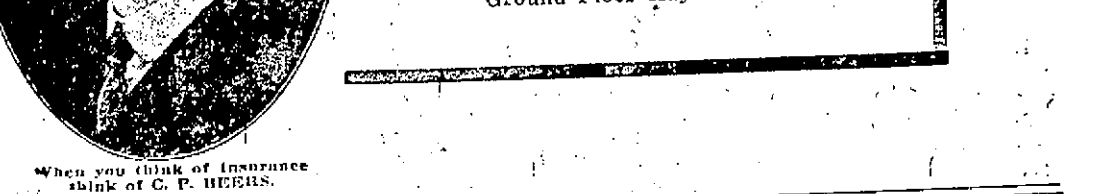

FARMERS INSURANCE

Our Combination Policy insures against all hazards of fire, lightning, cyclone or wind storm, giving complete coverage. Check up the insurance on your buildings and personal property and see if you are carrying an adequate amount of insurance. Recently several losses of farm property near Janesville brought out the fact that the owner lost nearly as much as the Insurance Company did on account of the small amount of insurance carried.

Look up your policies.—AND— When you think of Insurance, think of

When you think of insurance think of C. P. BEERS.

Why Costs of Milk Vary

PROFITS in the PRODUCTION OF MILK depend on the DIFFERENCE between COST AND SELLING PRICE. The Dairyman's first need is to have facts on milk costs. His PROFITS depend on what he can produce BELOW HIS SELLING PRICE. Accurate milk costs are necessary To determine profits or losses in herds. Cow Testing Associations increase profits by getting rid of the "Boarder Cows." Testing tells whether a cow has the capacity to pay out at the milk pail. The tester is also there to advise on better milk producing rations. But it is not good business to feed a cow a "balanced ration" when she cannot return enough profit to "balance the costs."

THERE ARE SOME COWS IN ROCK COUNTY HERDS THAT NEVER WOULD pay a profit if milk sold for \$5-a Cwt.—YES—\$10.

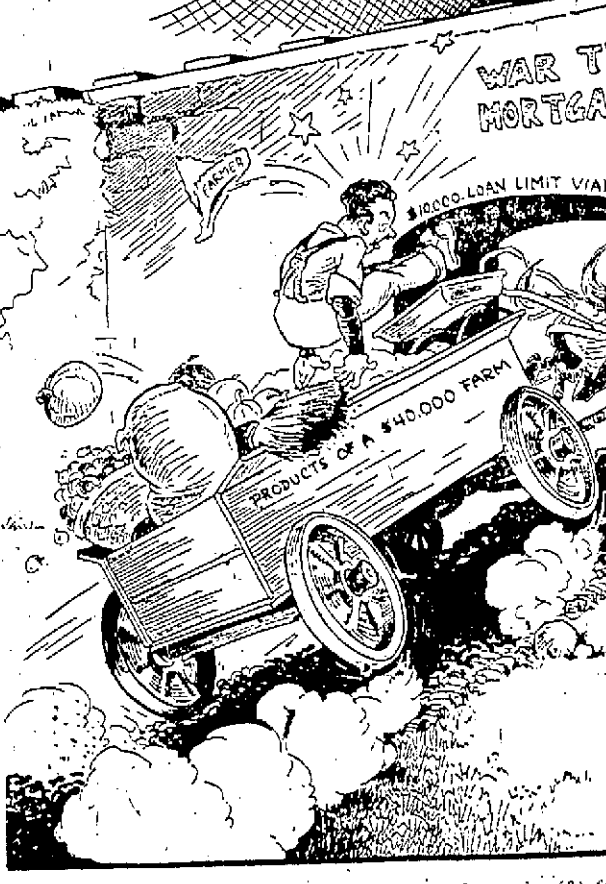

ROCK COUNTY WANTS 10 COW TESTING ASSOCIATIONS TO HELP BETTER DAIRY PRODUCTION AND IMPROVE THE QUALITY OF OUR HERDS. ROCK COUNTY IS "GOING AHEAD" FULL STEAM TO ADVANCE THE COUNTY AS THE GREATEST LIVESTOCK CENTER IN THE WORLD. TESTING ASSOCIATIONS WILL MAKE AND KEEP ROCK COUNTY FIRST IN DAIRYING. ROCK COUNTY NEEDS MORE COW TESTING ASSOCIATIONS TO POINT OUT THE REALLY GOOD COWS AND PRESENT BLACK AND WHITE FIGURES TO CONVINCE FARMERS IT IS A SAVING TO SEND POOR PRODUCERS TO THE BLOCK. THE "BOARDERS" CONSUME AS MUCH FEED, DEMAND AS MUCH LABOR—BUT DON'T PAY THEIR WAY. ROCK COUNTY NEEDS TO PUT A HIGHER VALUATION ON HER DAIRY LIVESTOCK BY KNOWN PRODUCTION RECORDS. Cow Testing records rank next to official records in sales arguments.

Milk Costs are necessary to determine profit or losses and there are too many losses in farming now. Cow testing associations are the best and most economical source of milk cost figures for the farmer—regardless of the size of his herd. JOIN A COW TESTING ASSOCIATION! PULL ON THE SAME OARS FOR "ROCK COUNTY FIRST!" ROCK COUNTY SHOULD LEAD WISCONSIN IN TESTING ASSOCIATIONS!

The Rock County Farm Bureau George Hall, President H. C. Hemmingsway, Secretary, Court House, Janesville, Wis.

Low Bridge—He Needs Help

WAR TIME MORTGAGES. BROOD LOAN LIMIT VIOLATED. PRODUCTS OF A \$40,000 FARM.

For a number of months prior to the adjournment of Congress that body had before it a number of bills which were intended to improve the facilities of the farmer to secure loans on crops and livestock. These loans running from six months to three years. The purpose of these bills are very important and the general principle of this intermediate form of credit has been approved and requested by many agencies, including the Joint Agricultural Inquiry Commission, the National Agricultural Conference called by the administration last January, and practically all of the national farm organizations including the American Farm Bureau Federation.

The need for legislation of this kind is without question. The aid which the War Finance Corporation has been able to give agriculture during the last year and a half has proved that agriculture needs a method of financing which will take care of loans for crop production and orderly marketing. The approach of winter finds agriculture in a relaxed condition, the average selling price of the commodities being below that of a year ago. Surpluses of food products are backed up on farms or held in storage and agriculture has not proper facilities for carrying the load. Farmers in no end of instances have been forced to market their crops at ruinously low prices and to force them on markets which already were glutted with the result that the over supplied markets failed to respond to demand the year.

summary demands. (2) for loans on question purposes. None of the bills under consideration have been reported from the committees, although some time ago an advance has been given by individual members of Congress and the subject of better credit for the farming industry. The agricultural bloc have been holding hearings on the subject in advance of regular committee work in the Senate and the House.

Larger Farm Loans. Other bills which were introduced for the purpose of relieving the financial situation and to make it possible for the farmer to finance his operations more on a basis with the advance enjoyed by industry are those which propose to raise the limit on individual loans which may be made by the operative Federal Farm Land Bank Act was passed some years ago the complete promise limit of the cooperative loans was placed at \$10,000, which was far from adequate. The limitation of \$10,000 on farms of large size or high value absolutely shuts out the owners from participation in the cooperative of this amount is merely a disadvantage to the farmer in a second mortgage. As the latter would be so large that it would be impossible to float it except at an exorbitant rate of interest. The general bills which would raise or remove the limit from the cooperative land banks are still in the advanced action by Congress will have to be taken in the near future if the banks are to function before the usual time of renewing mortgages, March 1.

All Sorts of Things for Boys and Men to Make

By Frank I. Solar

How to Make an Addition and Multiplication Frame

MATERIALS: Strips of wood, cloth, paint, brads.

Hundreds of thousands of teachers and parents spend hundreds of thousands of hours daily teaching children to add, subtract, multiply, when most of the chalk, paper, pencils, and time consumed might be saved by the use of frames such as the one diagrammed above. It makes possible over 4,000 different combinations of figures. Change from one combination to another can be made almost instantaneously.

Start by cutting the two side pieces, $\frac{1}{2} \times 14 \times 24\frac{1}{2}$, and two strips, $\frac{1}{2} \times 14 \times 24\frac{1}{2}$. Nail the strips along the inside of the side pieces, $\frac{3}{4}$ from the front edge. Cut seven pieces, $\frac{3}{4} \times 24\frac{1}{2} \times 17\frac{1}{2}$, and nail

these cross-wise to the $\frac{1}{2}$ strips, to form the front of the frame. Note that a $\frac{1}{2}$ inch space is left above and below each strip.

Now lay out cut stencils for the figures. Get a piece of pliable, glossy cloth, on which paint or ink will not run. Hem the edges. Make light pencil guide lines so that all numbers will be stenciled in even rows.

Cut the two end pieces, $\frac{3}{4} \times 14 \times 19$, and nail them on so that they cover the ends of the cloth, thus holding the cloth in place.

The cloth is about 12" longer than the frame. This slack is taken up by four slides, which are slipped along the inside of the side pieces, $\frac{3}{4}$ from the front edge. Cut seven pieces, $\frac{3}{4} \times 24\frac{1}{2} \times 17\frac{1}{2}$, and nail

figures; thus making many more different combinations possible. To change combinations, put slides in different slots. One slide has a curtain tacked on it. This draws a line under two, three, or more rows of figures, as desired.

A length-wise strip, $\frac{1}{2} \times 14 \times 25\frac{1}{2}$, tacked along the left edge of the cloth, holds one end of the slides in their places. Wooden buttons, as shown in the diagram, hold the other ends.

Four panels, $2\frac{1}{2} \times 25\frac{1}{2}$, made of beaver-board, thin cardboard, or card-board, with small holes in one end, may be hung from brads, which are inserted, one at the top of each row of figures, thus exposing or obscuring as many vertical rows as desired.

pendent Rangers.

"Well, go along with you, if Captain lies is willing," Big Tom said, as soon as he heard of Lincoln's recantment.

"Glad to have you," Lincoln responded heartily. "And I reckon, Captain lies will be glad likewise. It's not every day that he can pick up three such men as you are. Come on. I'll take you to him right now."

Lincoln proved a true prophet. Captain lies, as soon as he heard the story of Big Tom, welcomed him and his two companions to his command and promised to do all he could to get on the trail of the Indians who had abducted Mrs. Clay and the children.

Another week passed, a week of fruitless, exasperating searching. (To be continued.)

CLINTON

Clinton—Messrs. and Misses, George Miner, Cyrus Gates, Edwin C. Dresser and Frank Stoney, Miss Dorella Vanderlyn and Mrs. Carrie H. Dresser, attended the funeral of Mrs. M. M. Burdette, held Thursday night, Nov. 16, at the home of Mrs. Burdette, 1451 N. Main street.

JUDA

Juda—Official election figures, as announced by the county canvassing board, show a little change in the total number of votes cast for county officers. Following is the official vote: Assemblyman—Fred K. Helty, 2,424; William A. Olson, 1,451; John O'Connor, 316. County clerk—Missie V. Bowen, 5,212. Treasurer—E. L. Campbell, 5,009; Sheriff—Robert W. Blumer, 4,322; A. D. Brown, 1,652; A. J. Williams, 1,451; Coroner—F. A. Schreiner, 5,035. Clerk of circuit court—Max G. Booth, 4,241. District attorney—Max G. Booth, 4,241; John H. Beyer, 2,487. Register of deeds—John H. Beyer, 2,487; Surveyor—Charles L. Marshall, 4,762. All these amendment questions were defeated.

The M. E. Ladies Aid society will conduct a bake sale and supper at the hall Nov. 21.

Miss Martha Muller, president, spent Sunday with Mr. and Mrs. Ira Johnson.

Mr. and Mrs. Harold Anderson moved to La Grange, Wis., where they will be completing the new school during the next year. Following the rain the pavement became slippery, causing the cars to run into the mud while turning the corner.

LISTING OF STOCK PART OF PROGRAM

Rock County Now Weak in Locating Surplus Livestock for Buyers.

BY LEWIS C. FRENCH

Farmers and livestock breeders of Rock County must pay more attention to the proper listing of their surplus stock. The demand for Rock County stock is greater than the supply, but can be located.

One breed association secretary came in with letters from three different buyers seeking areas from Rock County. Another association officer had to hunt the county over with a fine tooth comb to locate enough dairy cattle to fill a carload order.

There should be some agency or office which would locate the stock that is for sale in known and accurate track kept of the stock that farmers want to sell.

Distribute Business. Alan there is another angle to the livestock sales and that is, the small farmer or breeder just starting must be given fair consideration. Dismissals must be distributed around.

The future of Rock County rests on livestock. If ever the farmers are really to prosper as they should, it will be livestock that will turn the tide. But livestock is in a number of important things.

The foundation of the county's success with livestock—both purebred and grade—is in the rich soils. It takes rich soil to raise stock that support livestock, especially dairy herds. Lining of the soil is an important livestock problem. So, are good feeding associations, the county wide buying and selling test, the raising of more secure crops.

Need Stock Census. In building up a program with livestock as the keystone of the county, the stock side farm projects must be given due attention. But in the near future Rock County must build up an effective means to handle livestock sales. Some method must be devised to have rich soil to raise stock that support livestock, especially dairy herds.

King reached at the Baptist church Sunday morning at the absence of her husband. The young people had charge of the evening service. Dr. J. W. Irish, Madison, filed the Methodist pulpit. Owing to the bad weather and roads he returned to Madison in the afternoon, hence no evening service was held.

Public Must Eat More Apples and Potatoes to Help

Madison—Every person in the United States will have to eat 18 pounds more of potatoes this year. If the present crop is to be consumed, the Wisconsin department of Markets estimated today in a survey of production.

Normal consumption of potatoes is said to be 3.2 bushels per person, but the bumper crop of this season has resulted in a supply equal to four bushels each individual in the country. Production is estimated at 432,000,000 bushels compared to 347,000,000 produced last year.

"This crop is to be eaten, and the farmers receive a return on their product, people must use more potatoes," Edward Nordman, commissioner of the department, said.

With the market price down to a new low figure today at 20¢ a hundred pounds, the department advises consumers to lay in their winter supply at this time. It says that a further drop would bring potatoes in a class with the German mark and force farmers to hold their crop from market.

Commercial associations of the state asked by the state department of Markets in a statement today, to co-operate in driving home to the consumer that apples are a food and a luxury and that consumers can materially assist in helping the apple producing states by eating more of their product.

Wisconsin in common with other producing states, having a large surplus of stock of their kind.

Production of apples has been above normal in Wisconsin this year, leaving producers with a large part of their crop unmarketed. W. J. Jones, in charge of fruit and vegetables for the department of Markets, says. He is asking that the commercial agencies aid the farmers in selling their product.

Hogging Off Crops Favored by Farmers

A hog doesn't root from pure necessity just because he wants to give his front yard the appearance of no man's land between the trenches. He is merely seeking in his blind pig-gish way to satisfy his aspirations for some inalienable, necessary to his physical well-being which is lacking from his daily diet.

This and many more things concerning pigs will be brought out in the principal North Dakota Experiment station exhibit "The Northern Pig and His Pasture," to be exhibited to the International Grain and Hay show, Chicago, December 2-5, according to H. L. Walster, agronomist of the state agricultural college here.

The main aim of the exhibit will be to show that the farmers of North Dakota, commonly supposed in other states to raise nothing but wheat, can produce hogs and let them do all the harvesting," according to Mr. Walster.

Hogging Off Crops. Colored enlarged pictures and graphic diagrams will show how the hog may feed himself by the "hogging off" of Canadian field peas and Dakota white flint corn and also the value of alfalfa as hog pasture. It is suggested that grain ration.

With such feed the hog finds it unnecessary to root, the agronomist says. Results of five years' experiments along this line will be shown. The exhibit will be a "dramatization of The Northern Pig from Birth to Market," a bulletin recently written by H. L. Walster of the college. In this bulletin, Walster outlines the best method for understanding and kind treatment of the animals.

Treatment of Hogs. None of the pigs in the nursery rhyme had more definite personalities than those of the college, according to the bulletin. If they misbehave "thump their ear." It advises. This does not hurt them but they do not like it," according to the bulletin. But "do not frighten a hog, and hummer the brood sow," are two principles which are insisted upon.

This consideration is in line with the policy of the agricultural college here throughout. "Treat a cow as you would a lady," says a motto in the office of the dairy department.

Week End Gazette Page of High Spots in News Told in Pictures

NEWBERRY'S SENATE SEAT AGAIN HANGS IN BALANCE

Above, Senator-elect Ferris, left; Newberry, center; La Follette, right. Below, Senators-elect Shipstead, Minnesota; Edwards, New Jersey; Ralston, Indiana; and Copeland, New York.

Once more the senate seat of Truman H. Newberry of Michigan hangs in the balance. The re-election of his bitterest opponent, Senator La Follette, in Wisconsin, the defeat of his supporter, Senator Townsend, in his home state and the defeat of at least seven of his staunchest defenders in other states have again placed his official position in jeopardy. Senator-elect Ferris of Michigan has announced that his first official act will be to seek a reopening of the ouster proceedings. In this way he

Mrs. Mabel Champion.

Mrs. Mabel Champion, convicted vamp, sentenced to twenty years' imprisonment in Cleveland, is willing to risk her life in another trial. Convicted of manslaughter after long deliberations by a jury which for a time stood 10-2 for a death chair verdict, she is asking a new trial in the hope it will give her freedom.

Lord Mayor Moore.

Lord Mayor Moore, newly elected London executive, is an official with many years' experience in municipal government. He is a worthy successor to London's long list of efficient mayors.

Elinor Coonrod.

Miss Elinor Coonrod, former president of the Chattanooga Business and Professional Women's Club, has just taken up her new duties as executive secretary of the National Federation of Business and Professional Women's Clubs. She succeeds Lena Maustain Phillips, who has been secretary of the federation since it was founded in 1919.

Miss Mary Parker.

Miss Mary Parker, Chicago daughter of Harrison B. Parker, former head of the American Co-operative Society, is reported engaged to Harold Sykes Lake, son of Governor Lake of Connecticut. The wedding is scheduled for spring.

Mabel Normand, snapped on her arrival in New York.

Mabel Normand, American movie comedienne, has returned from a trip to Europe. Regarding her reported engagement to Prince Ibrahim, nephew of the Khedive of Egypt, Mabel says, "Mum's the word."

Countess de Cassini.

Countess de Cassini, once belle of Washington, D. C., the chaperone of the Russian embassy, today is reported as being a seamstress in Florence, Italy. She is said to have lost all in the Bolshevik upheaval.

Left to right, Mrs. Nellie Sturmer, Police Lieutenant Malone, Mrs. Tillie Klimek, and the women's attorney, ex-Judge Courtney.

Chicago police have charged Mrs. Nellie Sturmer and Mrs. Tillie Klimek "female bluebeards," charging that for a period of years they have been engaged in the wholesale murder, by poison, of their husbands, relatives and children. Their arrest followed the poisoning of Mrs. Klimek's fourth husband, who is on the brink of death in a Chicago hospital. Bodies of their alleged victims have been exhumed for examination by the coroner.

Judge Florence E. Allen.

Florence E. Allen, the first woman in Ohio to become an active prosecuting attorney, the first woman in the country to become a member of the court of common pleas, is the first woman in the world to become a member of a supreme court. Judge Allen was just elected to the supreme bench of Ohio on an independent ticket.

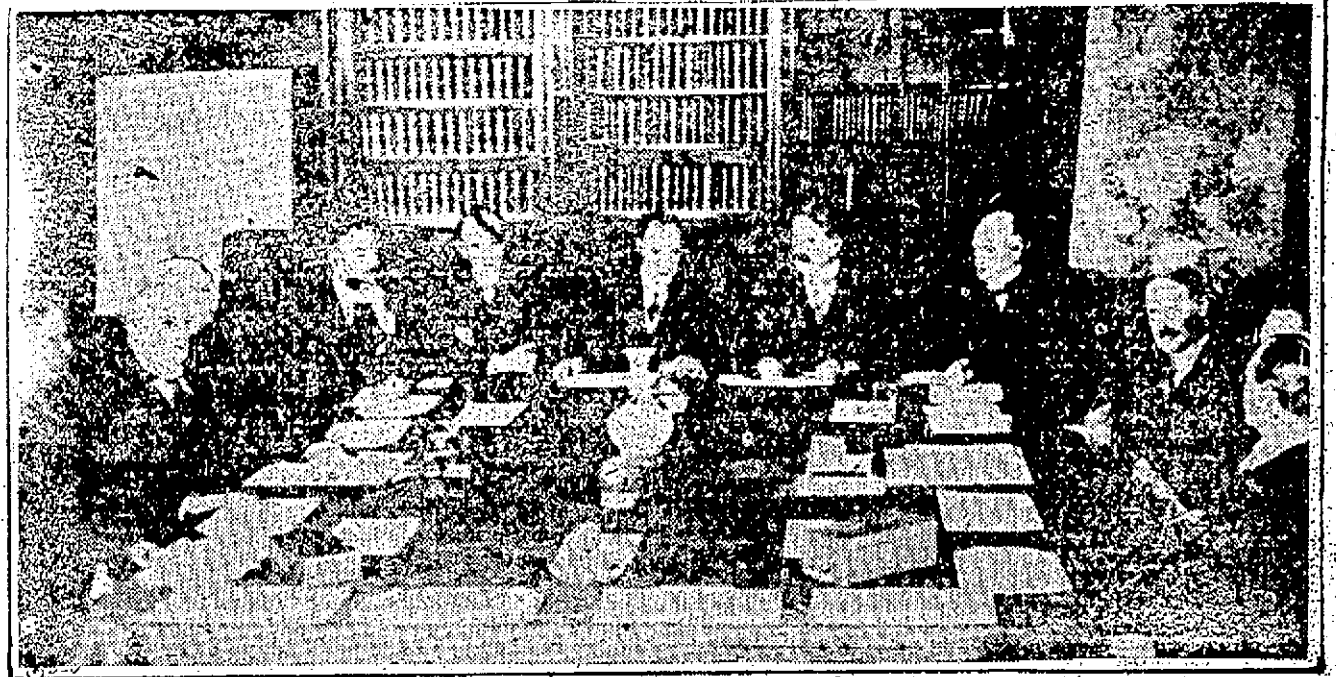

Mrs. A. Vic Donahay.

Ohio's new first lady will be Mrs. A. Vic Donahay, wife of the governor-elect and mother of ten children. Her husband defeated Curni Thompson, Republican candidate and friend of President Harding.

King Alexander of Jugo-Slavia and Queen Marie.

King Alexander of Jugo-Slavia and his wife, Queen Marie, when out for a stroll, minus all their royal trappings, might be mistaken for a couple of their subjects. The democracy of the ruling family has made it very popular with the common people. This is the latest photograph of the royal pair to be received in America.

This photo is the first to arrive in this country showing Premier Bonar Law's cabinet. Seated around the table the men are, left to right: Lord Derby, secretary of war; Lord Curzon, secretary for foreign affairs; Mr. Bridgeman, secretary of home affairs; Colonel Wilson (whip); Mr. Stanley Baldwin, chancellor of the exchequer; Sir Philip Lloyd-Graeme, president of the board of trade; Viscount Peel, secretary for India; Douglas Mc. Harg, attorney general; the Duke of Devonshire, secretary of the colonies; Andrew Bonar Law, premier (Lloyd George's successor); and in the foreground, Lieut. Col. L. C. M. S. Amery, first lord of the admiralty.

Top, left to right: Senator Hiram Johnson, California; ex-Governor Harry L. Davis, Ohio; Senator La Follette, Wisconsin. Below: Gifford Pinchot, governor-elect Pennsylvania; James M. Cox, defeated in 1920; Governor-elect Al Smith, New York; William Gibbs McAdoo, defeated for nomination in 1920.

The result of the recent elections has given rise to speculation as to what effect the results will have on the selection of presidential candidates in 1924. If Harding decides not to seek another term who will be the Republican nominee? Will it be Hiram Johnson, the independent; Bob La Follette, the radical; Harry Davis, underdog of Ohio, or Gifford Pinchot, independent?

Moto-Ko Otani, snapped on his arrival in San Francisco.

Moto-Ko Otani, dancing prince of Japan, has come to the United States to spend two years in U. S. schools learning the ways of American "fappers" and acquiring the air of freedom her American sisters have. She is thoroughly modern now, even to her bobbed hair and short skirts.

Ex-President Wilson greeting crowds at his home.

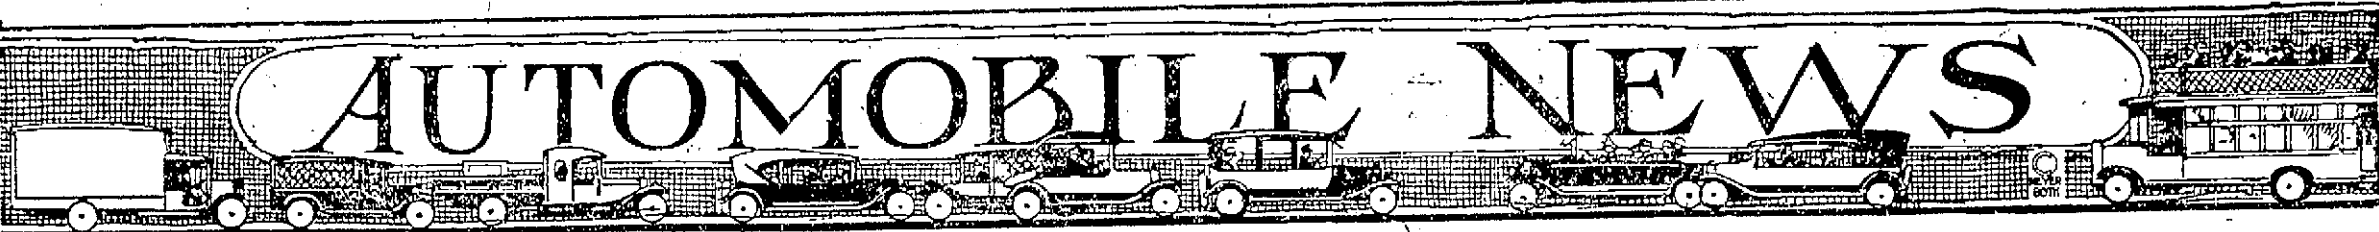

Democratic leaders believe that former President Wilson is preparing to take an active part in the selection of the Democratic candidate in 1924, following his address to the crowds which called at his home Armistice day. Wilson's remarks to his well wishers gave rise to the belief that he will again become active in politics. He repeated his faith in a league of nations.

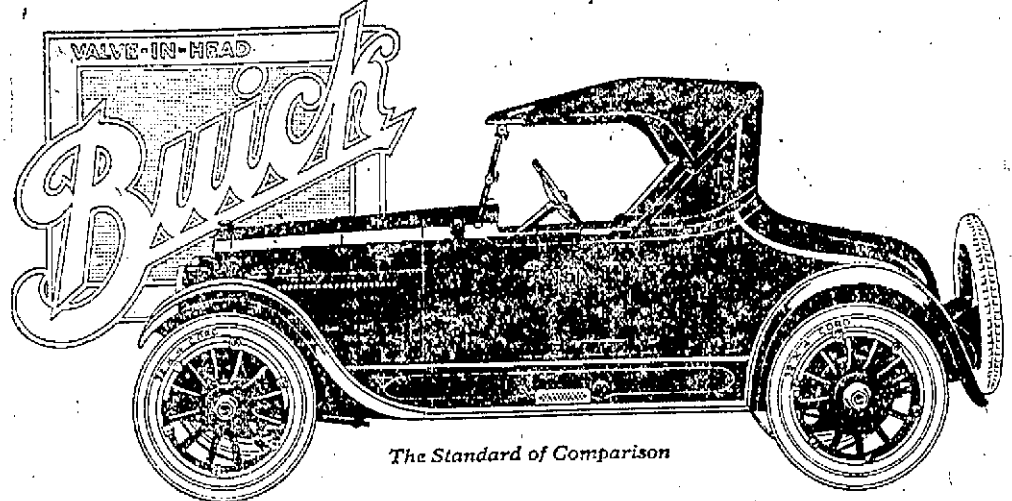

Senator Walter E. Edge of New Jersey and his bride-to-be, Miss Camelia Sewall of Bath, Me.

U. S. Senator Walter E. Edge of New Jersey and his bride-to-be, Miss Camelia Sewall, Bath, Me., were photographed together for the first time since their engagement was announced during their recent visit to Atlantic City. Both look happy.

A Buick Roadster Satisfies

The "Six", \$1175; the "Six-Sport", \$1625 the "Four", \$865

Perfect Fitting Storm Curtains

Buick open models are fitted with side curtains of new design, having weather-proof joints to prevent wind and rain from penetrating inside. Curtains fasten tightly around the windshield which is adjusted now from the inside. They are provided with additional lights to increase the range of vision. Curtains open with the doors and the driver has a signal pocket for his convenience.

For those who want the intimacy of the roadster design, Buick provides a completely satisfying selection of models, in appearance as well as in price. Business men find the six-cylinder, two-passenger roadster well suited both to work day trips and to social motoring.

Equally fine for these, and at the same time luxurious in its appointments and smart in its snappy lines and coloring is the six-cylinder sport roadster—the de-luxe model of its kind.

While a modest, dependable and convenient car is the four-cylinder roadster. And all are Buicks with all that Buick provides in power, dependability and flawless performance.

The Buick Line for 1923 comprises fourteen models: Four—2 Pass. Roadster, \$865; 5 Pass. Touring, \$885; 3 Pass. Coupe, \$1175; 5 Pass. Sedan, \$1185; 5 Pass. Touring Sedan, \$1195; Six—2 Pass. Roadster, \$1175; 5 Pass. Touring, \$1195; 5 Pass. Touring Sedan, \$1235; 5 Pass. Sedan, \$1245; 4 Pass. Coupe, \$1495; 5 Pass. Touring, \$1525; 5 Pass. Sedan, \$1535; Sport Roadster, \$1625; Sport Touring, \$1575. Prices f. o. b. Buick factories. Ask about the G. M. A. C. Purchase Plan, which provides for Deferred Payments.

HINTS FOR THE MOTORIST

by ALBERT L. CLOUGH

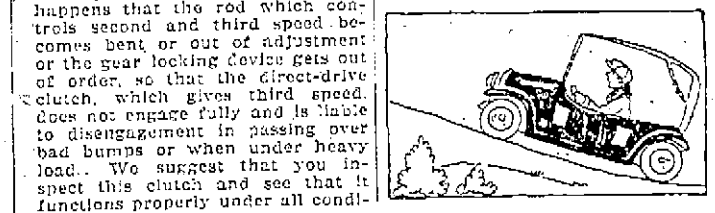

Copyright, 1922, by the International Syndicate
Running Fast On The Lower Gears
Unless A Fast Running Engine Has Sufficient Work To Do, It "Punishes Itself"

THE EVIL EFFECTS of driving a car too slowly on high gear, when on a hill or in heavy going, so that the engine rotates irregularly or "labors," are properly very strongly dwelt upon in instruction books, but the inadvisability of running a car very fast on the lower gear is much less frequently referred to, although it is sometimes stated that a speed of fifteen miles per hour on second gear should not be exceeded. A reason given usually being that the engine may become overheated. A more important reason against excessive speed, on the lower gears, especially when road conditions do not demand the use of them, is that the engine is then underloaded and running it very fast is too much like operating it at high speeds, idle, in other words, it is somewhat the same as "racing" the detrimental results of which are well known to be most serious. Putting a car into "low" and running it on level going at say fifteen miles an hour, to heat the engine quickly, is almost as bad as racing the engine and should not be practiced, for but a part of the power developed is utilized in moving the car and the rest is imposed destructively upon the engine's bearings and moving parts. Under road conditions which properly load an engine, there is however, comparatively little objection to letting it speed up on the lower gears.

DIRECT DRIVE ENGAGES UNCERTAINLY

T. O. writes: At times, the rear wheels of my car do not seem to turn as fast as they should considering the speed of the engine and the whole car shakes and vibrates. I found that the differential had been damaged, but repairing it did not remove this trouble. At times the car runs smoothly for miles and then, suddenly, it begins to perform as above stated. Please give your opinion as to what is wrong. Answer: We suppose that you have satisfied yourself that the clutch does not slip and allow the engine to race, as this would produce the effects which you describe. The transmission of your car is a part of the rear-axle unit and the gear shifting rods are necessarily quite long. It sometimes happens that the rod which controls second and third speed becomes bent or out of adjustment or the gear locking device gets out of order, so that the direct-drive clutch, which gives third speed, does not engage fully and is liable to disengagement in passing over bad bumps or when under heavy load. We suggest that you inspect this clutch and see that it functions properly under all conditions. If its parts are much burred, very likely it has been jumping in and out of action.

Questions of general interest to the motorist will be answered by Mr. Clough in this column, space permitting. If an immediate answer is desired, enclose self-addressed, stamped envelope.

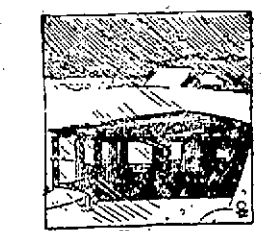

It is only when seated at the wheel of a Cadillac enclosed car that you fully realize how effectively the designers of Cadillacs have provided for driving comfort, safety and simplicity of control.

It is this inherent ease of operation in Cadillac enclosed cars, this utter absence of annoying mechanical distractions—together with acknowledged dependability—which appeal to the woman who drives her own car and the man who appreciates motoring relaxation.
